Doug Chorvat, Jr.

Clerk of Circuit Court & Comptroller, Hernando County FL 20 N. Main Street, Brooksville FL, 34601 (352) 754-4201

March 24, 2022

To the Citizens of Hernando County:

The Annual Comprehensive Financial Report of Hernando County, Florida, for the fiscal year ended September 30, 2021 is respectfully submitted. This report was prepared by the Clerk of Circuit Court and Comptroller, Department of Financial Services. Responsibility for both the accuracy of the data presented and the completeness and fairness of the presentation, including all disclosures, rests with the Clerk of Circuit Court and Comptroller (Clerk and Comptroller) as Chief Financial Officer of Hernando County. To provide a reasonable basis in meeting this responsibility, a comprehensive internal control framework has been established that is designed both to protect the County's assets from loss, theft or misuse, and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). The Management's Discussion and Analysis in the Financial Section of this report should be read in conjunction with this Letter of Transmittal.

Profile of the County

Hernando County, population 196,540, is located in the west central region of the State of Florida, allowing easy access to the Tampa and Orlando metropolitan areas. As part of the Tampa Bay Region, it is bound by the Gulf of Mexico on the west, Citrus County to the north, Sumter County to the east, and Pasco County to the south.

Hernando County, established in 1843, covers 473 square miles and is named in honor of Spanish explorer Hernando De Soto, who led an expedition through the county in 1539. Hernando County has one incorporated city: the City of Brooksville, the county seat, with a population of 9,165 is rich in history and traditions. Hernando County's unincorporated areas include Weeki Wachee, Ridge Manor, Bayport, Aripeka, Lake Lindsey, Istachatta/Nobleton, Masaryktown, Hernando Beach, and most notably, Spring Hill. Spring Hill located in the southwest part of the County, is the largest unincorporated Hernando County community.

Hernando County is the heart of the Sunshine State's renowned Nature Coast. Hernando County offers scenic rolling hills, spectacular parks and waterways, some of the best paved bike trails in Florida, and eight locations along the Great Florida Birding Trail. Activities of the Nature Coast include hunting, camping, bird watching and hiking, as well as fishing, boating, paddling and kayaking on the County's many waterways.

Situated at the geographic center of the state with easy access to major highways like the Veterans/Suncoast Parkway, Interstate 75, State Road 50 and US Highway 41 make Hernando County a strategic business location. Hernando County is unique in the Tampa Bay area with its variety of industrial and manufacturing site options including a vibrant general aviation airport and

business complex, private land, and existing buildings with significant room for growth. Major industries include manufacturing, precision machining, distribution and healthcare. Growing retail trade and a wide selection of professional services enables Hernando County to offer significant choices for its residents.

Hernando County government provides a full range of services including law enforcement, emergency medical services, fire protection, public and mass transportation services, health and social services, cultural and recreational services, water, wastewater, solid waste disposal and business development.

The Hernando County Board of County Commissioners, as the legislative body for Hernando County, budgets and provides all of the funding used by its Departments and the separate Constitutional Officers with the exception of certain fees collected by the Tax Collector, Clerk and Comptroller, Property Appraiser and Sheriff. Hernando County operates under a five-member policy-making elected Board. The Board appoints a county administrator who in turn appoints various department managers. All five Board members and the five constitutional officers are elected to four-year terms. Under the direction of the Clerk and Comptroller, the Department of Financial Services maintains the accounting system for the Board of County Commissioners and the Clerk and Comptroller. The Tax Collector, Property Appraiser, Supervisor of Elections and Sheriff maintain their own accounting systems. All of the Constitutional Officers invest their funds independently. The Clerk and Comptroller manages the investments of the Board of County Commissioners and the Clerk and Comptroller.

Formal budgetary integration is employed as a management control device during the year for all significant funds. The Board of County Commissioners adopts budgets on a basis consistent with Generally Accepted Accounting Principles (GAAP). The adoption and amendment of the budget is done consistent with the laws of Florida. The legal level of control is established on a fund basis; however, operational control is maintained during the year at the lower of the department or fund level. Budgetary control is maintained through the use of encumbrances.

Factors Affecting Financial and Economic Conditions

Local Economy. Following are some highlights of the County's economic status:

- The population of the County is currently approximately 196,540 which is an increase of 14% over what it was 10 years ago. The County's population is projected to be almost 219,000 by 2030 and over 235,900 by 2040.
- As part of the Tampa Bay region, Hernando County enjoys being a part of the largest consumer market in Florida.
- The Building Department had a total of 19,575 permits in 2020-21, averaging 75 permits per day. Total permits included 1,526 single family home permits and 72 commercial permits.
- Both residential and commercial development remain steady. The inventory of lots in existing developed subdivisions continues to decrease and new phases are being developed. Commercial development continues to be steady along SR 50 in Spring Hill, a major shopping corridor in the County. In addition, a significant number of large mixed-use developments previously approved by the County have retained the approved vested rights and are expected to be of interest to developers as the economy continues to improve.

Long Term Financial Planning. The County prepares a five-year Capital Improvement Plan which is adopted by the Board with the annual budget approval. It identifies all public capital facilities, public infrastructure and equipment, with a value over \$50,000 and a useful life over ten years. The plan identifies the funding source (taxes, grants, impact fees, etc) for each project.

Major Initiatives. Hernando County government takes pride in its accomplishments for the fiscal year. The County is proud of the infrastructure, public facilities and programs that have been realized for the citizens of our County. Following is a list of some of our achievements for the year:

- The Planning division approved the replacing of equipment and the installation of new playgrounds in both Veteran's Park and Roger's Park
- The County issued Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A to refund the Water and Sewer Refunding Revenue Bonds, Series 2013A. Water and Sewer Refunding Revenue Bonds, Series 2021B were issued to repay the outstanding loans with the Florida Department of Environmental Protection under the State Revolving Fund program. The County recognized a present value savings of \$4.3 million.
- Tourist development experienced an increase of approximately \$1.3 million in tax collections or a 39.7% increase from prior year.
- The County's Water and Sewer District completed water and wasterwater master plans for the next twenty years.
- The Transit system had two new heavy duty bus purchases. A new program, ADA Bus Stop Improvement was introduced, which installed amenities among twenty-one bus stop locations. In addition, a new application, RouteShout, was launched that provides real time business information.
- Hernando County was awarded the National Association of Development Organizations Impact for the 2020 Local Mitigation Strategy.
- The Office of Management and Budget launched a budget book software, which allows for more transparent reporting to Hernando County citizens.
- Economic Development announced a new incentive called the Economic Development Investment Incentive for business recruitment and expansion projects within specific industries that increase the tax base and create new employment opportunities.
- The County Fire Rescue department responded to 37,850 emergency calls which is an increase of 19% from pior fiscal year.
- Taxiway C1 and Apron Design, Taxiway B1 Extension Deisgn, and Infrastructure Development Plan were airport projects completed in fiscal year 2021. Aviation Operations received a total of \$1.5 million FAA and FDOT grants throughout the year.

Hernando County has adopted many budgetary and financial policies and continually monitors them for adherence and relevance. The establishment of budgetary and financial policies enables the Board, management and the community to monitor County performance. Following are some of the more significant budgetary policies: The Board annually adopts a balanced

budget; fund balances anticipated at the end of a fiscal year are budgeted as the beginning fund balance for the following year; any variance between budgeted fund balance forward and actual fund balance forward is adjusted through a budget amendment; the Board has adopted a Budget Reserve Policy and Reserve Stabilization Policy. The Budget Reserve Policy requires reserves in the General Fund to be maintained at 18.5%. See the Management Discussion and Analysis and Note A of the financial statements for more information.

Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Hernando County for its Annual Comprehensive Financial Report for the fiscal year ended September 30, 2020.

In order to be awarded a Certificate of Achievement, a governmental unit must publish an easily readable and efficiently organized Annual Comprehensive Financial Report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements

A Certificate of Achievement is valid for a period of one year only. Hernando County has received a Certificate of Achievement for the last thirty-six consecutive years. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to the GFOA.

Acknowledgments

This report is the product of the dedication of the Department of Financial Services of the Clerk of Circuit Court and Comptroller of Hernando County as Auditor and Comptroller to the Board of County Commissioners.

We would like to express our appreciation and thanks to the Financial Services team, the County Administration and Budget Offices, and the firm of MSL CPAs and Advisors, who helped us with their comments and advice throughout the year. We would also like to thank Frank Gillis for providing the beautiful photographs we've been using on the covers of these reports.

Respectfully submitted,

Doug Chorvat, Jr.

CERTIFICATE OF ACHIEVEMENT FOR EXCELLENCE IN FINANCIAL REPORTING

The Governmental Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Hernando County, Florida for its annual comprehensive financial report for the fiscal year ended September 30, 2020. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report, whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. Hernando County has received a Certificate of Achievement for the last thirty-six consecutive years. We believe our current report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to GFOA.

INDEPENDENT AUDITOR'S REPORT

Honorable Board of County Commissioners Hernando County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Hernando County, Florida (the "County") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the County as of September 30, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof, and the respective budgetary comparison for the general fund and each major special revenue fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT (Continued)

Emphasis-of-Matter – Change in Accounting Principle

As discussed in Note R to the financial statements, in the year ended September 30, 2021, the County adopted the provisions of Government Accounting Standards Board Statement ("GASBS") Number 84, *Fiduciary Activities*. As a result of the implementation of GASBS 84, the County reported a restatement for the change in accounting principle. Our opinion is not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, and other required supplementary information as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements as a whole. The introductory section, combining and individual non-major fund financial statements and schedules statistical section, bond compliance section, affidavit, and schedule of receipt and expenditures of funds related to the Deepwater Horizon oil spill lawsuit proceeds, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the financial statements. The combining and individual non-major fund financial statements and schedules and the schedule of receipt and expenditures of funds related to the Deepwater Horizon oil spill lawsuit proceeds are the responsibility of management and were derived from, and relate directly to, the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements and the schedule of receipt and expenditures of funds related to the Deepwater Horizon oil spill lawsuit proceeds are fairly stated, in all material respects, in relation to the financial statements as a whole. The introductory section, statistical section, bond compliance section and affidavit have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

INDEPENDENT AUDITOR'S REPORT (Concluded)

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March 24, 2022, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

This discussion and analysis of Hernando County's financial statements provides an overview of the financial activity of the County for the fiscal year ended September 30, 2021. We encourage reading this narrative in conjunction with the Transmittal Letter in the Introductory Section.

FINANCIAL HIGHLIGHTS

At the close of the most recent fiscal year, September 30, 2021, the County's assets and deferred outflows exceeded its liabilities and deferred inflows by \$668,536,818 representing net position. This represents an increase of \$64,485,436 over the prior year net position. Of the \$668,536,818 net position, \$30,303,372 was unrestricted.

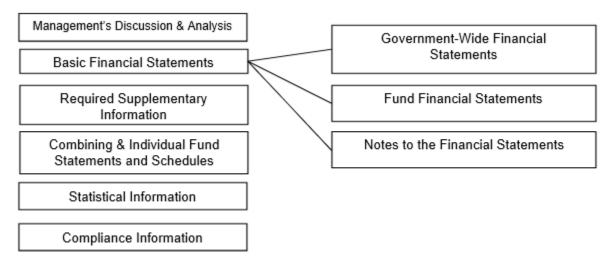

Net position of governmental activities increased \$37,740,014 over prior year adjusted net position. Net position of business-type activities increased \$26,745,422 over prior year adjusted net position. Accordingly, net position of both the governmental activities and business-type activities increased a total of \$64,485,436.

As of September 30, 2021, unassigned fund balance in the governmental funds was \$51,771,227, representing a 8% increase from the previous year unassigned fund balance of \$48,035,305. The net change in fund balances in the governmental funds decreased from \$47,452,106 for the fiscal year 2019-20 to \$20,075,453 for the fiscal year 2020-21. General Fund had an increase in fund balance of \$36,592,361 for fiscal year 2019-20 compared to an increase of \$7,226,340 in the current year. There was a decrease in the fund balance of Transportation Trust and Gas Taxes fund of \$991,447 compared to an increase of \$3,005,144 in the prior year. There was an increase in the fund balance of Hernando County Fire Rescue-Fire of \$4,844,849 compared to an increase of \$3,346,173 in the prior year. There was an increase in the fund balance of Hernando County Fire Rescue-Rescue fund of \$2,011,183 compared to an increase of \$2,283,835 in the prior year. There was an increase in fund balance of \$1,216,752 compared to an increase of \$233,960 in the prior year. There was also an increase in fund balance of \$5,763,654 for Nonmajor Governmental Funds compared to the increase of \$4,274,468 in the prior year.

The County's largest enterprise fund, the Water & Sewer District, had an increase in net position of \$22,532,928 for the year compared to an increase of \$10,039,061 in the prior year. Waste Management had an increase in net position of \$478,183 for the year compared to a decrease of \$1,827,754 in the prior year. Aviation Operations had an increase in net position of \$3,222,535 for the year compared to an increase of \$4,972,429 in the prior year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The County's Annual Comprehensive Financial Report (Annual Report) consists of seven parts: an introductory section; management's discussion and analysis (this overview); the basic financial statements; required supplementary information; an optional section that presents combining statements for non-major governmental funds, internal service funds and certain individual fund financial statements; statistical information; and compliance information. The basic financial statements consist of three parts: government-wide financial statements, fund financial statements and notes to the financial statements. Following is a diagram of the components of the Annual Report:

Government-Wide Financial Statements

The government-wide financial statements provide readers with a broad overview of Hernando County's finances using a governmental or business-type classification. The government-wide financial statements include a statement of net position and a statement of activities. The government-wide financial statements distinguish between functions that are principally supported by taxes and intergovernmental revenues (governmental activities) and those that are principally supported by user fees and charges (business-type activities). The government-wide financial statements are prepared using an economic resources measurement focus and the accrual basis of accounting.

The **statement of net position** presents information on all assets (plus deferred outflows) and liabilities (plus deferred inflows) of the County, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Hernando County is improving or deteriorating.

The **statement of activities** presents information on all revenues and expenses of the County and the change in net position. This statement provides the expenses of a given function or activity offset by related program revenues resulting in the net expense or revenue for the function or activity. General revenues, such as taxes, are then presented resulting in a final change in net position. All revenues and expenses are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

Fund Financial Statements

The fund financial statements provide more detailed information about the County's major funds individually. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Hernando County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Some funds are required by state or local law, bond covenants or the County's desire to control, manage and account for designated revenues or expenses separately. All the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental fund financial statements use the current financial resources measurement focus and the modified accrual basis of accounting, which measures current assets and liabilities, changes in current financial resources, and current available resources.

Because the focus of governmental fund financial statements is based on accounting for resources on a more current basis, it is useful to compare with information presented for governmental activities which focus more on long-term resource accounting. Reconciliations of fund balance in governmental funds and changes in fund balance to net position and changes in net position of governmental activities are provided with the governmental fund financial statements.

Proprietary fund financial statements consist of two fund types: Enterprise Funds and Internal Service Funds. Proprietary funds use an economic resources measurement focus and the accrual basis of accounting, which measures all assets and liabilities, changes in economic resources, and total economic resources.

Fiduciary fund financial statements provide information concerning assets held in trust by the County on behalf of others. Fiduciary funds use the economic resources measurement focus and the accrual basis of accounting. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the County's own programs.

Notes to the Financial Statements

The notes provide additional detail concerning the financial activities and balances of the County and are essential for the reader to have a full understanding of the statements.

ANALYSIS OF THE GOVERNMENT-WIDE FINANCIAL STATEMENTS

Hernando County's Net position

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Hernando County, net position was \$668,536,818 at the close of the most recent fiscal year. This represents an increase of \$64,485,436 or 11% from the prior year.

The largest portion of Hernando County's net position (77%) reflects its investment in capital assets (e.g., land, infrastructure, buildings, improvements, construction in progress, intangible assets and equipment), less any accumulated depreciation and related debt used to acquire those assets that is still outstanding. Hernando County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Hernando County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the County's net position (18%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of the County's net position (5%) is unrestricted.

Governmental Activities

Net position of the governmental activities increased \$37,740,014 or 11% from prior year adjusted net position balance. Program revenues in the amount of \$103,313,613 were used to offset program expenses of \$191,016,769 resulting in a net program loss of \$87,703,156. General revenues and transfers totaling \$125,443,170 offset the difference in those program expenses and resulted in a total net increase of \$37,740,014.

Program revenues decreased 16% from prior year. Operating Grants and Contributions decreased 55% from the prior year. Capital Grants and Contributions decreased 25%.

Operating grants and contributions decreased \$18 million from prior year. This is mainly due to grants received for the Coronavirus Aid, Relief, and Economic Security (CARES) Act in the prior year. CARES Act funding was provided by the Federal government to aid with response and recovery from the COVID-19 pandemic.

Capital grants and contributions decreased \$2 million compared to prior year due to a decline in the donation of roads and related infrastructure from developments in Hernando County, and the completion of local agency program (LAP) sidewalk projects in the prior year.

Property taxes increased \$5 million or 6% due to an 9% increase in the taxable value of property in the County. Certified taxes levied by the Tax Collector increased 4% from prior year.

Revenue from sales taxes increased \$2 million form prior year. Sales were lower in prior year due to the COVID-19 pandemic limiting the activity of citizens.

Investment earnings decreased \$4 million compared to the prior year. This is due to a decline in the market value of investments at year end. Interest rates were also lower throughout than the year compared to 2019-20.

Miscellaneous revenue decreased \$1.7 million from the prior year. This is mainly attributable to a decrease in proceeds from the sale of various properties held by the County during 2020-21.

Program expenses decreased 11% from the prior year. The most significant changes were decreases in General Government, Public Safety and an increase in Economic Environment expenditures.

General Government expenses decreased 7% due to delays in supply chain causing delays in purchases of supplies and other expenditures.

The decrease in Public Safety expenses of 20% from prior year is mainly due to a \$27 million decline in the liability related to the Florida Retirement System plan. The County's portion of the liability is obtained from the annual actuarial report of the Florida Retirement System plan. The liability decreased due to the plan's funded ratio increasing from 78.85% to 96.40%. This decrease was offset by a 5% increase in payroll and related expenses.

Economic Environment expenses increased 24% due to providing small business assistance in conjunction with the Hernando Chamber of Commerce program to help businesses with public safety and other expenses.

Business-Type Activities

Net position of the business-type activities increased \$26,745,422 or 10% over prior year net position balance. Program revenues in the amount of \$73,959,502 were used to offset program expenses of \$50,184,732, resulting in net program income of \$23,774,770. General revenues of \$2,769,744 less transfers in the amount of \$200,908 resulted in a total net increase of \$26,745,422.

Water and Sewer charges for services increased \$3 million or 7%. This is associated with the second year of rate increases as part of a five-year rate plan. The increase in Capital Grants and Contributions includes \$8.7 million in grants received for wastewater treatment plant projects. Expenditures did not vary significantly from prior year.

Aviation Operations received a \$1.5 million in gains on the sale of land. Grant revenue decreased \$4 million from prior year due to the completion of the rehabilitation of Taxiway A. Grant funding is generally received for airport improvements and vary from year to year. Operating revenues and expenses were consistent with prior year.

Charges for services revenue increased for Waste Management by \$374,000 or 4%. This was attributed to an increase in commercial business. Other services and charges expenses decreased 28% mainly due to the annual adjustment for long term care and closure costs for the landfill. Estimated costs are recalculated annually and will fluctuate from year to year.

The Building Department experienced an increase of \$576,000 or 16% in revenue from licenses and permits. Permits issued in 2020-21 increased 24% from prior year.

Interest income decreased 93% compared to prior year due to a negative change in fair value of investments at year end and lower interest rates during 2020-21.

ANALYSIS OF THE FUND FINANCIAL STATEMENTS

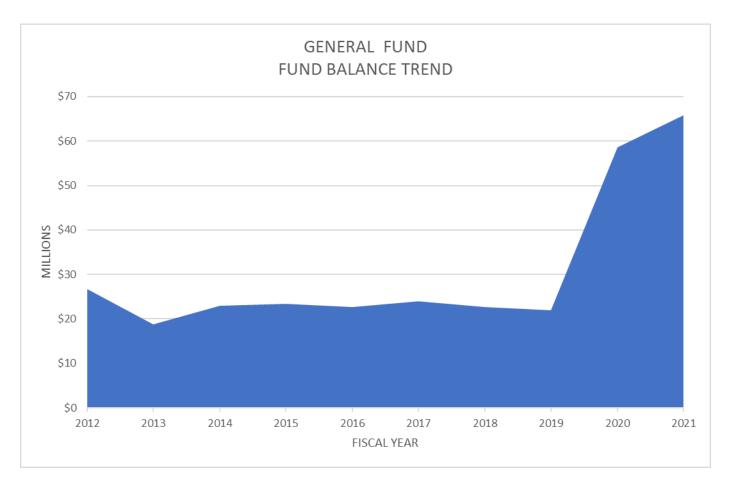

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Following is a discussion of the financial statements on a fund accounting level.

Governmental Funds

As previously discussed, governmental funds measure current assets and liabilities and current or spendable resources. A fund's unassigned fund balance may provide a useful measure of the fund's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, Hernando County governmental funds reported fund balances of \$175,505,862, an increase of \$20,075,453 or 13% from prior year balances. Of the \$175,505,862 fund balance in governmental funds, \$51,771,227 constitutes unassigned fund balance, which is available for spending at the County's discretion and \$968,822 which is non-spendable. The remainder of fund balance available for spending consists of the following: \$93,736,309 in 'Restricted Fund Balance' which is restricted by law or externally imposed requirements; \$9,524,619 in 'Committed Fund Balance' which is committed for a specific purpose by the Board; and \$19,504,885 in 'Assigned Fund Balance' which is assigned for a specific purpose by the Board without formal approval. See Note A, Governmental Fund Balance Classifications, for more information.

Governmental funds are comprised of the General Fund, Special Revenue Funds, Debt Service Funds and a Capital Project Fund. The General Fund is the chief operating fund of the County. As of the end of the fiscal year, total fund balance for the General Fund was \$65,797,338. Following is a chart of the fund balance trend over the past ten years for the General Fund.

In the **General Fund**, the fund balance increased \$7,226,340 or 12% from prior year. General Fund revenues decreased 10% and expenditures increased 14% from prior year. Revenue from taxes increased \$3.5 million from the prior year due to an increase in the taxable value of property offset by a decrease in the milage rate of 0.25 mills. Intergovernmental revenue decreased \$14.9 million or 31% from prior yer. In 2019-20 the County received funding from the final phase of CARES Act funding being distributed for Public Health and Safety payroll costs related to the COVID-19 pandemic. Interest income decreased \$1.1 million from prior year due to a decline in market value at year end and a decline in interest rates during fiscal year 2020-21. Miscellaneous revenues decreased \$2.7 million compared to prior year. Prior year revenue included proceeds from the sale of land and a building owned by the County.

General Government expenditures increased \$3.6 million or 16% from prior year. Expenditures included \$1 million paid to Hernando County School Board to reimburse them for COVID-19 related expenditures incurred in 2019-20. Additional expenditures were made for supplies to improve safety in the work place and uncapitalized equipment. There was also a slight increase in staffing and related payroll expenditures.

Public Safety expenditures increased \$2.5 million or 4%. This is mainly due to an increase in operating supplies along with services provided in response to the COVID-19 pandemic. There was also a slight increase in staffing for Public Safety, along with increases in health insurance and related payroll expenditures.

Economic Environment expenditures increased \$2 million or 67% due to a small business program assistance program implemented in conjunction with the Hernando Chamber of Commerce to help businesses with losses due to the pandemic.

Human Services expenditures increased \$1.1 million or 23% due to additional aid provided to organizations including United Way, ARC Nature Coast, Early Learning Coalition, Jericho Road Ministries and Pace Center for Girls. The aid provided assistance to reimburse operating, public safety and other costs.

Capital outlay increased \$3.6 million compared to prior year due to a percentage of radio system infrastructure cost becoming due in 2020-21. The increase also included the purchase of transit buses.

The fund balance of **Transportation Trust Fund** decreased \$991,447 or 3% from prior year. Tax revenue increased \$1.1 million due to .1 increase in millage for 2020-21. Intergovernmental revenue decreased \$1.1 million due to the completion of several construction projects. New construction was limited in the current year due to delays in the supply chain. Interest income decreased \$0.8 million from prior year due to a decline in market value at year end and a decline in interest rates during fiscal year 2020-21.

In the **Impact Fee Fund**, the fund balance increased \$1,216,752 million or 9%. Impact fee revenue increased 39% from prior year due to an increase of 24% in permits issued in 2020-21. Capital expenditures decreased \$500,000 from prior year due to delays in obtaining supplies.

The **Hernando County Fire Rescue-Fire** fund balance increased \$4,844,849 million or 44%. Special Assessment revenue was consistent with prior year. Loan proceeds of \$5.4 million were received for the construction of two fire stations. Expenses increased \$1.5 million or 6% due to an increase in staffing, health insurance and payroll related costs. Additional expense was recognized for the funding of a health-related liability for fire department staff.

The **Hernando County Fire Rescue-Rescue** fund balance increased \$2,011,183 or 33%. Charges for Services revenue increased due to an increase in ambulance services provided. Additional expense was recognized for the funding of a health-related liability for rescue department staff. Other expenses did not vary significantly from prior year.

Proprietary Funds

The **Water and Sewer District** experienced an increase in net position of \$22,532,928 compared to prior year's increase of \$10,039,061. Operating revenues of \$41,912,797 less operating expenses of \$30,695,455 resulted in operating income of \$11,217,342. The increase of \$2.6 million in operating revenue is associated with the second year of rate increases as part of a five-year rate plan. Operating expenses decreased in personnel due to a decrease in the net pension liability at the end of the year. Non-operating revenues and expenses decreased \$3.1 million from prior year. This may be attributed to a \$1.5 million decrease in interest income due to lower interest rates during the year, and a negative change in fair value at year end. Interest expense increased \$1.5 million as a result of the refunding of debt obligations. The refunding resulted in a present value savings of \$4.3 million.

Aviation Operations experienced an increase in net position of \$3,222,535. Operating revenues of \$2,288,601 less operating expenses of \$3,033,608 resulted in an operating loss of \$745,007. Non-operating revenue increased \$1.8 million from the sale of land to the Board of County Commissioners to proceed with the construction of the technical training complex at the Brooksville-Tampa Bay Regional Airport.

The **Waste Management** fund had a increase in net position of \$478,183 compared to the prior year's decrease of \$1,827,754. Other Services and Charges decreased in \$2.5 million due to a reduction in long term care and closure costs estimated for the landfill. Estimated costs are recalculated annually based upon the most recent cost information available. Non-operating revenue decreased \$1.2 million from prior year. This consists of a decrease in interest income as a result of a negative change in fair market value at year end and lower interest rates during the year.

Building Department experienced an increase in net position of \$511,776 compared to prior year's decrease of \$231,380. Operating revenues increased 17% from the prior year due to a 24% increase in construction permits. The increase in Other Services and Charges expense included the installation of a generator that was grant funded. This was offset by a decrease in Personal Services expenses due to a decrease in the net pension liability at year end.

BUGETARY HIGHLIGHTS -- GENERAL FUND

Budget and actual comparison statements are provided in the Statement of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual for the General Fund and all major special revenue funds with annually appropriated budgets. See page 49 of this report for the financial statement discussed below. This statement shows the original budget, final budget, actual amounts, and the variances between actual and final budgeted amounts. Budget amendments are approved throughout the year. Budgets are revised for a variety of reasons, such as new grant awards, unanticipated revenue sources, new bond or loan proceeds, unforeseen expenditures, etc. Below are a variety of explanations of the notable variances between the original and final budget, and the final budget and actual amounts in the General Fund:

- Final budgeted Intergovernmental revenue increased \$6 million compared to original budget. The increase is primarily due to an increase in grant awards. Final budget reflects remaining grant funds anticipated to be spent during fiscal year 2020-21.
- Final budgeted General Government expenditures increased \$3.3 million from the original budget. The County increased its budget to provide \$1 million in aid to Hernando County School Board. Budgets were also increased for building repairs and maintenance, and contract services for new software implementations. The Supervisor of Election increased expenditures funded by an unexpected Federal Elections Administration grant.
- Final budgeted Transportation expenditures increased from the original budget by \$2.3 million due to funding allocated to Section 5307 Urbanized Areas to assist with COVID-19 pandemic costs. All funds will be for the operation and capital-related transit expenses over the next several years. The remaining difference is additional funding received from grants for repairs/maintenance, contract services, and fuel for the Green Route.
- Final budgeted Economic Environment expenditures decreased from the original budget by \$1.6 million.
 Budgeted aid to private organizations was reduced to amounts available for distribution in 2020-21. This reduction was offset by an increase in the budget for job creation incentives.
- Final budgeted Culture and Recreation expenditures increased from original budget by 10%. This increase may be mainly attributable to repairs and maintenance for parks, including seawall repairs. Other budgetary increases included expenditures for additional resources for the libraries and other departments.
- The Capital Outlay final budget increased \$17 million from the original budget due to \$13 million added to the budget for an updated radio system for emergency services to better serve its citizens. Implementation of the radio system will span multiple periods. The budget also increased for \$2.5 million for vehicles of the County and Sheriff's office.
- Actual Charges for Services revenue exceeded budget by \$1.1 million or 7%. The Clerk's office experienced an
 increase in recording revenue of \$555,000 for real estate transactions. There was increased attendance at the
 County's parks during 2020-21 compared to prior year during the pandemic. Civil restitution liens were also higher
 in the current year.
- Actual Miscellaneous revenue exceeded budget by \$1.1 million due to more than anticipated sale of surplus land
 of about \$1.4 million. The increase was offset by a decline in payments received from the Neighborhood
 Stabilization program.
- Actual General Government expenditures were less than budget by \$3.4 million due to the County increasing its
 focus on cost saving efforts. Costs were down in several areas, including multiple County departments and
 Constitutional Offices within personnel and operations.
- Actual Public Safety expenditures were under budget by \$3 million due to lower than anticipated costs related to COVID-19 pandemic in 2020-21. There were also various delays in the availability of equipment and supplies as a result of supply chain delays.
- Actual Transportation expenditures were 50% less than budgeted as the eligible activities and purchases from Federal Transit Administration grant awards were not completed by fiscal year end. These are multi-year grants that will carry forward to 2021-22.

- Actual expenditures for Economic Environment were \$2.8 million less than budgeted. Aid for job creation
 incentive and assistance was \$2 million less than anticipated. There were also lower than budgeted expenditures
 for housing assistance programs. The County experienced difficulty in finding people to qualify for the housing
 assistance grants, and the increase in home prices had made it much more difficult for people to find homes to
 purchase with the grant assistance.
- Actual Culture and Recreation expenditures were \$1.2 million less than budgeted due to a decline in maintenance costs for parks and libraries in 2020-21. Personnel and related costs were also lower than budgeted. In addition, Library State Aid grants are budgeted based upon remaining amounts and were not fully expended by fiscal year end.
- Actual Capital Outlay expenditures were \$14.7 million less than budgeted. For capital projects that may span
 multiple periods, the remaining cost of the project is budgeted each year. Remaining cost is carried forward to
 the next fiscal year. Budgeted capital assets included \$13 million for the an updated radio system for emergency
 services compared to actual expenditures of \$2.5 million. There was also budgeted expenditures for software
 which will be spent in future periods.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

Hernando County's investment in capital assets for its governmental and business-type activities as of September 30, 2021, amounts to \$614,693,097 net of accumulated depreciation. This investment in capital assets includes land, buildings, infrastructure, improvements other than buildings, equipment, construction in progress and intangible assets. The total increase in Hernando County's investment in capital assets from the prior year was 1.7% which is comprised of a 1.0% increase for governmental activities and a 3.7% increase for business-type activities.

Following is a schedule of the County's capital assets, net of accumulated depreciation, as of September 30, 2020 and 2021:

	Governmental Activities			Business-Type Activities					Totals			
		2020		2021		2020		2021		2020		2021
Land	\$	30,377,736	\$	32,694,640	\$	10,326,775	\$	10,326,775	\$	40,704,511	\$	43,021,415
Buildings		72,705,718		69,272,193		16,404,275		15,784,302		89,109,993		85,056,495
Infrastucture		191,681,82 4		190,845,668		2,530,215		2,669,879		194,212,039		193,515,547
Improvements other than Buildings		9,224,713		10,237,753		216,525,451		212,019,713		225,750,164		222,257,466
Equipment		30,081,648		32,017,721		3,558,143		3,334,153		33,639,791		35,351,874
Construction in Progress		3,608,258		5,538,095		14,236,471		29,360,523		17,844,729		34,898,618
Intangible Assets		513,405		420,439		216,907		171,243		730,312		591,682
Totals	\$	338,193,302	\$	341,026,509	\$	263,798,237	\$	273,666,588	\$	601,991,539	\$	614,693,097

Additional information on Hernando County's capital assets can be found in Note F to the basic financial statements. The increase in capital asset activity in Governmental Activities for 2021 is mainly due to additions to infrastructure and equipment. The increase of infrastructure was attributable to the paving of roads throughout the County. The increase in equipment was due to the purchase of several heavy operations vehicles. The increase in capital asset activity for Business-Type Activities is due to improvements to water and wastewater plants and force mains. Also construction in progress increased due to the reconstruction of Taxiway B at the Hernando County airport, as well as reclaimed water projects being performed by the Water and Sewer District.

Debt Administration

Loans and notes payable amounted to \$28,394,618 of which \$27,561,292 is for Governmental Activities and \$833,326 is for Business-Type Activities.

Hernando County had total bonded debt outstanding of \$72,019,331. Taxable Water and Sewer Refunding Revenue Bonds Series 2021A were issued to refund Water and Sewer Refunding Revenue Bonds, Series 2013A. Water and Sewer Refunding Revenue Bonds, Series 2021B were issued to repay outstanding loans with the Florida Department of Environmental Protection under the State Revolving Fund program. The refunding resulted in a present value savings of \$4.3 million. All of these bonds represent bonds secured solely by specified non-ad valorem revenue sources (i.e., revenue bonds).

Following is the activity of combined governmental and business-type debt for the fiscal year ended September 30, 2021:

	Beginning			Ending
	 Balance	 Additions	 Reductions	 Balance
Loans & Notes Payable	\$ 76,283,323	\$ 5,707,538	\$ 53,596,243	\$ 28,394,618
Revenue bonds	 28,473,421	 70,954,093	 27,408,183	72,019,331
	\$ 104,756,744	\$ 76,661,631	\$ 81,004,426	\$ 100,413,949

The County traditionally insured its bonded debt, and consequently, the County's bonds have historically maintained an insured rating of "Aaa" from Moody's and "AAA" from Standard & Poor's and Fitch. The County also obtained underlying ratings during the issuance of certain bonds.

Following are the County's underlying ratings on bonds outstanding as of September 30, 2021:

	Moody's	Fitch	S&P
Non-Ad Valorem Refunding Revenue Bonds, Series 2010	Aa3	NR	A+
Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A	Aa2	AA+	NR
Water and Sewer Refunding Revenue Bonds,			
Series 2021B	Aa2	AA+	NR

NR represents No Rating. Additional information on Hernando County's long-term debt can be found in Note H to the basic financial statements.

Additional information on Hernando County's debt may be found in Note H to the basic financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

Local, state and national economic factors influence the County's revenues in a variety of ways. Positive economic growth correlates with increased revenues from property taxes, sales taxes, fuel taxes, charges for services, state revenue sharing as well as state and federal grants. Depressed economic growth correlates with decreases in the same revenue sources.

Economic growth may be measured by a variety of indicators such as employment growth, unemployment, new construction and assessed values, diversification of the property tax base, enterprise fund revenue and net asset growth.

- Hernando County's population grew from 173,078 in 2011 to 196,540 in 2021, a 14% increase over a period of ten years.
- Unemployment in Hernando County decreased to 4.27% and the County's personal income per capita increased slightly to \$41,385 in 2020, the most recent year available.
- Total taxable property value has increased 41% over the last ten years, but increased 56% over tax year 2013, which was the lowest taxable value in recent history. The ten largest taxpayers accounted for 9% of the total taxable assessed value in 2021. The ten largest taxpayers accounted for 11% of total taxable value ten years ago.

Permanent households rose during the year to a total of 80,484, 12% more than ten years ago. The building department issued 19,575 permits, 72 were new commercial construction permits.

For fiscal year 2020-21 budget, certified taxable property values increased 8.85% to \$10.864 billion. The General Fund millage rate was decreased from 7.6412 to 7.4412; however the County was able to maintain General Fund reserves to adopted policy levels.

Although the increased tax revenues have helped to address the depleting reserve levels of the General Fund, there are current capital project and infrastructure needs that still remain unfunded. The most significant and pressing of these is additional space needs for Judicial and County staff. Funding for this and other longer-term projects will be discussed in the development of the 2022-23 budget and future year budgets as necessary.

TO OBTAIN FURTHER INFORMATION

This financial report was designed to provide an overview of the County's finances. If you have any questions concerning budgets, long-term financial planning, or other subjects related to the management of County operations, please contact the County Administrator at:

Hernando County 15470 Flight Path Drive Spring Hill, Florida 34604 (352) 754-4000 administration@hernandocounty.us

If you have any questions concerning financial reports or other accounting information in this report, please contact the Office of the Clerk and Comptroller, Director of Financial Services at:

Hernando County 20 N. Main Street Brooksville, Florida 34601 (352) 754-4201 clerkfinance@hernandoclerk.org

It is also suggested you visit our website at www.hernandocounty.us for general information about the County, and www.hernandoclerk.com for additional financial information.

HERNANDO COUNTY, FLORIDA RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNEMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Fiscal Year Ended September 30, 2021

Net Change in Fund Balances - Total Governmental Funds		\$ 20,075,453
Amounts reported for Governmental Activities in the Statement of Activities are different because:		
Governmental Funds report Capital Outlays as Expenditures. In the Statement of Activities, the cost of those assets is depreciated over their estimated useful lives. Donations of Capital Assets are not financial resources to Governmental Funds, however increase net position in the Statement of Activities. Governmental Funds report the sale of Capital Assets as a financial resource, however in the Statement of Activities, only the gain/loss on the sale is reported:		
Expenditures for Capital Assets Less current year depreciation Donation of Capital Assets Capital Asset Disposals	\$ 20,394,951 (17,597,226) 25,102 (530,455)	2,292,372
Additions to Long-Term Debt provide current financial resources to Governmental Funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of principal and payments to refunding escrow agents are expenditures/other financing uses in the Governmental Funds, but reduce long-term liabilities in the Statement of Net Position:		
Issuance of Long-Term Debt Principal Payments	 (5,707,538) 4,964,364	(743,174)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and therefore are not reported as expenditures in the Governmental Funds:		
Change in Accrued Interest on Long-Term Debt Amortization of current year Bond Discount/Premium Amortization of current year Prepaid Bond Insurance Change in Compensated Absences Change in Accrued Other Post Employment Benefits Change in Pension Expenses	\$ 17,780 1,546 (80,101) 280,800 (445,728) 12,354,317	12,128,614
Some revenues reported in the Statement of Activities do not provide a current financial resource, and therefore are not reported as revenue in the Governmental Funds:		
Change in earned revenue from charges for services Change in earned revenue from taxes	\$ 1,943,747 97,625	2,041,372
Internal Service Funds are used by management to charge the costs of certain activities to individual funds. The Change in Net Position of the Internal Service Funds is reported within Governmental		
Activities.		 1,945,377
Change in Net Position of Governmental Activities		\$ 37,740,014

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

1. THE REPORTING ENTITY

Hernando County was created in 1843 as a political subdivision of the State of Florida, under Chapter 107, Section 1, Florida Statutes. It is governed by an elected Board of County Commissioners (the Board) which is governed by state statutes and regulations. In addition to the five members of the Board, there are five elected Constitutional Officers: Clerk of Circuit Court and Comptroller, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. The Constitutional Officers maintain separate accounting records and budgets. The Board and Constitutional Officers provide the following services: public safety (police, fire and rescue), highways and streets, sanitation, water and sewer utilities, health and social services, culture/recreation, public improvements, planning and zoning, and general administrative services.

In accordance with the provisions of generally accepted accounting standards, these financial statements present the financial position, results of operations, and cash flows of the applicable fund types. The statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units are, in substance part of the primary government's operations, even though they may be legally separate entities. Thus, blended component units are appropriately presented as funds of the primary government. Otherwise, discretely presented component units, if there were any, would be reported in a separate column in the government-wide financial statements.

Blended Component Units

The following component units are included in the accompanying financial statements as part of the primary government because they satisfy the criteria for blending.

The following component units are in substance part of the County's operations, have the same governing board and management team as the County, and there is a specific benefit or burden relationship with the County:

Hernando County Water and Sewer District - established by Ordinance 80-4 to provide water and sewer service to residents of the County which are not serviced by other agencies or entities.

Kass Circle Community Redevelopment Agency - approved by Resolution 2016-44 to establish the necessary means by which redevelopment can be accomplished in the Kass Circle Neighborhood Revitalization Area, as authorized in Florida Statutes 163.356.

The following component units are in substance part of the County's operations, have the same management team as the County, there is a specific benefit or burden relationship with the County, and they provide services entirely to the County, strictly in an advisory capacity:

Hernando County Port Authority - established pursuant to Laws of Florida, Chapter 65-1618 and 71-666 for the purpose providing advisory services regarding waterway management.

Hernando County Law Library - established pursuant to Laws of Florida, Chapter 65-1627, to provide advisory services regarding a central law library which is available to County officials, judges, officers of the court and the public.

Separate financial statements are not prepared for any of the above component units.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

2. GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

The basic financial statements are composed of the Government-Wide Financial Statements, the Fund Financial Statements and the Notes to the Financial Statements.

Government-Wide Financial Statements

The government-wide financial statements consist of a Statement of Net Position and a Statement of Activities. These statements report on the government as a whole and include separate columns for the governmental and business-type activities of the primary government. An additional separate column would be presented for any discretely presented component unit for which the County is financially accountable.

The Statement of Net Position presents information on all of the assets, deferred outflows, liabilities and deferred inflows of the County except the Fiduciary Funds. The difference between (assets plus deferred outflows) less (liabilities plus deferred inflows) is reported as net position. Changes in net position may serve as an indicator of whether the financial position of the County is improving or deteriorating. The Statement of Fiduciary Net Position is presented separately.

The Statement of Activities reports functional categories of programs provided by the County, and demonstrates how and to what degree those programs are supported by specific revenue. The "Expenses" column reports direct expenses that are clearly identifiable with a specific function or program. "Program Revenues" are directly attributable to a specific function or program and are categorized as charges for services, operating grants and contributions, and capital grants and contributions. The net of program expenses less program revenues reflects the net cost of each function or program. The general revenues section includes revenues that are not program specific such as taxes and investment earnings.

As a general rule, interfund activities, with the exception of interfund services provided and used have been removed from the government-wide financial statements. Residual amounts between governmental and business-type activities are reported as "internal balances." These statements distinguish between the governmental and business-type activities of the County. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

Fund Financial Statements

The underlying accounting system of the County is organized and operated on the basis of separate funds. A fund is a group of related accounts that are used to maintain control over resources that have been segregated for specific activities or purposes. Fund accounting is used to ensure and demonstrate compliance with legal, legislative, contractual and other finance-related provisions. All of the funds of the County may be divided into three categories: governmental funds, proprietary funds and fiduciary funds. The County's major funds are reported as separate columns in the fund financial statements, and non-major funds are aggregated and presented as a single column on each statement. Fund financial statements are presented after the government-wide financial statements. A reconciliation is provided that converts the results of governmental fund accounting to the government-wide presentation.

Internal service funds of the County (which traditionally provide services primarily to other funds of the County) are presented, in summary form, as part of the proprietary fund financial statements. Since the principal users of the internal services are the County's governmental activities, financial statements of internal service funds

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

are included in the governmental activities column when presented at the government-wide level. The costs of these services are allocated to the appropriate functional activity (Public Safety, Physical Environment, etc.).

The County's fiduciary funds are presented in the fund financial statements. Since, by definition, these assets are being held for the benefit of a third party (other local governments, private parties, etc.) and cannot be used to address activities or obligations of the government, these funds are not incorporated into the government-wide statements.

GASB sets forth minimum criteria for the determination of what are to be considered major funds for financial statement presentation. The County uses these criteria for major fund determination. The County electively added some proprietary funds as major funds, which either had debt outstanding or specific community focus. The County also electively added the Impact Fee fund as a major-fund for purposes of consistency with prior years. The non-major funds are combined into one column in the respective fund financial statements.

The following are reported as major governmental funds:

General Fund – The general operating fund of the County. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Transportation Trust and Gas Taxes – To account for the proceeds of gas taxes and other revenues for the construction and maintenance of County roads.

Impact Fees Capital Project Fund— To account for the proceeds of impact fees levied by the County, and associated expenditures for roads, parks, public buildings, library, law enforcement and emergency services.

Hernando County Fire Rescue-Fire - To account for assessments levied for fire protection services within the district.

Hernando County Fire Rescue-Rescue - To account for revenue and expenditures related to providing ambulance and rescue services within the district.

American Rescue Plan Act - To account for expenditures related to funds provided by Coronavirus State and Local Fiscal Recovery Funds program.

The following are reported as major enterprise funds:

Water and Sewer District – This fund is used to account for the operation of water, wastewater and reclaimed water services owned by Hernando County.

Aviation Operations – This fund is used to account for the operation of the Hernando County Airport and the Industrial Complex located on Airport property.

Waste Management – This fund is used to account for the operation of the sanitary landfill for the handling and disposal of solid waste.

Building Department – This fund is used to account for the operation of providing building permits and other construction-related services to County citizens.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The County also reports the following funds:

Internal Service Funds - These funds are used to account for goods or services provided by one department to other departments of the County or to other governmental units on a cost reimbursement basis. Such goods and services include a central fueling system, vehicle and fleet maintenance and replacement, risk management, workers compensation management, computer replacement and health self-insurance.

Fiduciary Funds – These funds are used to account for assets held on behalf of outside parties, including other governments. Fiduciary Funds include jury and witness, court registry, tax, vehicle tags and law enforcement holdings. Financial information for fiduciary funds is not reported in the government-wide financial statements because these funds are not available to support the County's programs.

3. MEASUREMENT FOCUS, BASIS OF ACCOUNTING AND FINANCIAL STATEMENT PRESENTATION

The accounting policies of the County conform to generally accepted accounting principles as applicable to governments in accordance with the Government Accounting Standards Board (GASB). GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

The following is a summary of the more significant policies:

The accounting and financial reporting treatment is determined by the applicable measurement focus and basis of accounting. Measurement focus indicates the type of resources being measured such as *current financial resources* or *economic resources*. The basis of accounting indicates the timing of transactions or events for recognition in the financial statements.

The government-wide financial statements and proprietary fund statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

The governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 45 days of the end of the current fiscal period. The government considers Federal Emergency Management Agency (FEMA) Public Assistance (PA) related revenues to be available if they are collected within 45 days of the end of the current fiscal period. These resources are measurable based upon the obligated and validated amounts confirmed by the Florida Division of Emergency Management (FDEM) who is the pass-through entity. The government considers intergovernmental grant revenues, excluding FEMA PA Funding, to be available if they are collected within 360 days of the end of the current fiscal year. A majority of the County's grants are expenditure driven and the reimbursement is often approved after the 45-day availability period used for non-grant revenues. Receivables collected after these periods are reported as deferred inflows of resources until the revenue becomes available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

However, debt service expenditures, as well as expenditures related to compensated absences, and claims and judgments, are recorded only when payment is due. General capital asset acquisitions are reported as expenditures in governmental funds. Issuance of long-term debt and acquisitions under capital leases are reported as other financing sources.

Property taxes, sales taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Grant entitlements are recorded as revenues when all eligibility requirements are met, and are accrued simultaneously with the grant expenditures. All other revenue items are considered to be measurable and available only when cash is received by the government.

Proprietary funds record both operating and non-operating revenues and expenses. Operating revenues are those that are obtained from the operations of the proprietary fund such as user fees. Non-operating revenues are not related to the operations of the proprietary fund and include interest income and grants. Operating expenses represent the cost of operations, which includes depreciation. Non-operating expenses are not related to operations, such as interest expense.

The fiduciary fund is recorded using the *current economic resource method focus* and *accrual basis of accounting*.

4. GOVERNMENTAL FUND BALANCE CLASSIFICATIONS

Governmental fund balances are classified either as non-spendable or spendable. Spendable fund balances are further classified in a hierarchy based on the extent to which constraints are placed on the spending of these fund balances. Fund balances are reported in the governmental fund statements in the following classifications:

Non-spendable Fund Balance

This component of fund balance consists of amounts that are not in spendable form, or are legally or contractually required to be maintained intact.

Spendable Fund Balance

Restricted Fund Balance – This component of fund balance consists of amounts that are constrained either (a) externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments), or (b) by law through constitutional provisions or enabling legislation.

Committed Fund Balance – This component of fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (approval of a resolution by a majority of the Board) of the organization's governing authority (County Commission). These committed amounts cannot be used for any other purpose unless the governing authority removes or changes the specified use by taking the same type of action employed to constrain those amounts.

Assigned Fund Balance – This component of fund balance consists of amounts that are constrained by a less-than-formal action of the organization's governing authority, or by an individual or body to whom the governing authority has delegated this responsibility. The governing authority, the County Commission, has

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

approved the assigned fund balances through action taken during the budget process. The County Commission has not delegated the responsibility to assign fund balances to any individual or body.

Unassigned Fund Balance – This classification is used for (a) negative unrestricted fund balances in any governmental fund, or (b) fund balances within the general fund that are not restricted, committed, or assigned.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources (committed, assigned and unassigned) as they are needed. When unrestricted resources (committed, assigned and unassigned) are available for use, it is the County's policy to use unassigned resources first, then assigned, and then committed as needed.

5. BUDGETARY INFORMATION

The annual budget, formally adopted by the Board of County Commissioners, serves as the legal authorization for expenditures. Legal budgetary authority and control is established on a fund basis in accordance with Florida Statutes 129.03, however, operational control for management purposes is maintained during the year at the lower of the department or fund level. The adopted budget can only be changed by a budget amendment or a budget resolution. Management can transfer appropriations within a fund without the Board of County Commissioners approval unless the transfer affects a budgeted reserve. Pursuant to Florida Statutes 129.06 budget amendments require the approval of the Board of County Commissioners whenever the effect of the amendment is to increase the total appropriations of the fund, to transfer monies between the funds, or to transfer budgeted reserve funds.

The County's annual budgetary process is governed by Florida Statutes, Chapters 129 and 200. The total of the estimated receipts, including balances brought forward, must equal the total of the appropriations and reserves, therefore enabling a balanced budget. During the budgeting process, budgets are prepared on a basis consistent with generally accepted accounting principles. All appropriations lapse at year-end.

The original budget is the first complete appropriated budget. The final budget is the original budget adjusted by all reserves, transfers, allocations, supplemental appropriations and other legally authorized executive changes applicable to the fiscal year, whenever legally authorized.

In 2009, the County established a General Fund Budget Reserve Policy, creating four reserve categories. Each of the following minimum levels are calculated as a percentage of the total approved General Fund budget, less reserves, transfers, debt and grants: Reserve for Contingencies established at .5% to be used for small unanticipated, non-recurring needs; an Emergency Reserve established at 3.5% to be used for more significant emergencies, those in excess of \$100,000; a Stabilization Reserve established at 3.5% to be used when there is a one-time loss of a major revenue source and/or severe downturn in the economy; and a Reserve for Cash Forward established at 11.0% for the purpose of providing funds to support operations in the new fiscal year until the County's most significant revenue source, property tax, is received. The total of these reserves, 18.5%, is included in the annual approved budget. The policy also establishes the approval required to use these budgeted reserves, and the method in which they are to be replenished. The first three reserves are classified as committed fund balance on the accompanying balance sheet of the General Fund. The fourth reserve (reserve for cash forward) is included within the unassigned fund balance classification. During the budget process to establish the budget for Fiscal Years 2018-19 and 2019-20, due to the inability to fund the entire 18.5% reserve, the Board suspended the budget policy.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

6. ASSETS, DEFERRED OUTFLOWS, LIABILITIES, DEFERRED INFLOWS AND NET POSITION

Cash, Cash Equivalents, Pooled Cash and Investments

The County considers cash and cash equivalents to be cash on hand, demand deposits, and highly liquid investments, including those held as restricted assets, with original maturities of three months or less when purchased. For purposes of the statement of cash flows, the County considers a fund's share of pooled cash and investments to be cash equivalents.

The County pools substantially all cash and investments, except for cash and investments which are maintained in accordance with legal restrictions. Each fund's equity share of the total pooled cash and investments is included under the caption "Pooled Cash and Investments". Interest earned is allocated to the various funds based on their average daily cash balances within the pooled account.

The County's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance of GASB, which allows under certain criteria these investments to be recorded at amortized costs. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The method of measuring the fair value of investments uses the fair value hierarchy as defined by GASB. See Note C. The Local Government Surplus Funds Trust Fund (Florida Prime) is an investment pool reported at amortized cost which approximates fair value. The Florida Cooperative Liquid Assets Securities System (FLCLASS) and the Florida Local Government Investment Trust (Florida Trust) report all share information at Net Asset Value and reflects share value.

Receivables and Payables

The accounts receivable of the County are recorded in the government-wide and fund financial statements, and are net of an allowance for uncollectibles, which generally is equivalent to the receivables that are over 90 days.

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e. the current portion of interfund loans) or "advances to/from other funds" (i.e. the non-current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances.

Advances between funds, as reported in the fund financial statements, are offset by a non-spendable fund balance account in applicable governmental funds to indicate that they are not available for appropriation and are not expendable available financial resources.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position may report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. For the County, there are three items that qualify for reporting in this category. One is a deferred charge on debt refunding. A deferred charge on debt refunding results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

amortized over the shorter of the life of the refunded or refunding debt. The second item is related to pensions. The deferred outflows related to pensions result from County contributions to the County's retirement plan subsequent to the retirement plan's measurement date, and other timing differences. The third item is related to timing differences associated with benefits paid after the measurement period for post employment benefits other than pensions.

In addition to liabilities, the statement of financial position may report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until then. There are three items that qualify for reporting in this category. The first two deferred inflows are related to pensions and other post-employment benefits, and are the result of certain timing differences and changes in assumptions related to each plan. The third one, reported in the Business-Type Funds, results from grants and other funds available after the revenue recognition period.

The County also has a deferred inflow in the Balance Sheet of the Governmental Funds. This deferred inflow, unavailable revenue, consists of funds received/receivable by the County that are available in a future period.

Unbilled Revenue

Unbilled revenue in the Water and Sewer Fund generally represents revenue earned during the last month of the fiscal year for which bills are sent the following month. Revenue is recognized as Charges for Services when the customer has used the services provided by the County which is also considered to be when it is earned.

Unearned Revenue

Unearned revenue in the Water and Sewer Fund generally represents prepaid connection fees from developers. Such revenues are considered imposed non-exchange transactions. Revenue is recognized when the County has an enforceable legal claim to such connection fees at which time it is reported as capital grants and contributions. The majority of unearned revenue in the governmental funds represents prepaid impact fees which are refundable.

Inventories and Prepaid Items

Inventories are determined by physical count and are valued at cost using the first-in, first-out method. The cost is recorded as an expenditure using the consumption method at the time the individual inventory items are used. Certain payments to vendors represent costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. In most cases, the prepaid items are recorded as an expenditure using the consumption method at the time the prepaid items are received.

Restricted Assets

The use of certain Enterprise Fund assets is restricted by bond resolution and agreements with various parties. Assets so designated are identified as restricted assets on the Statement of Net Position.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets

Capital assets, which include property (land), buildings, infrastructure assets (e.g. roads, bridges, sidewalks and similar items), improvements, equipment, construction in progress and intangible assets (e.g. software) are reported in the applicable governmental or business-type activities columns in the government-wide financial statements as well as the proprietary fund financial statements.

The County has established the following thresholds for additions to capital assets, and estimated useful lives for depreciation purposes:

	Threshold		<u>Useful Life-Years</u>
Land	\$ -		-
Easement	150,000		-
Right-of-Way	150,000		-
Buildings	10,000		20-40
Infrastructure	150,000		5-50
Improvements-Other Than Buildings	10,000		20
Improvements-Water/Sewer Lines	10,000		50
General Asset Accounts	100,000	annually	Based upon group characteristics
Leashold Improvements	150,000		Life of lease or life of improvement
•			whichever is shorter
Equipment	5,000		5-15
Intangible Assets	150,000		Per contractual provisions

Capital assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation. Interest incurred during the construction phase of capital assets in business-type activities is included as part of the capitalized value of the assets constructed. Normal maintenance and repairs to capital assets are not included in the reported value because they do not increase the capacity or extend the useful life of the capital asset.

Depreciation is calculated using the straight-line method over the estimated useful lives of the related assets. Depreciation is charged as an expense against the operations of the governmental and business-type activities in the government-wide financial statements. Depreciation of assets in the proprietary funds is charged as an expense at the fund level.

Compensated Absences

The County maintains a policy that permits employees to accumulate earned but unused paid time off benefits that will be paid to employees upon separation from County service based on years of service, and if certain criteria are met. The County's policy also permits employees to either bank a limited amount of paid time off benefits or receive a limited cash buyout on an annual basis, depending on budget availability.

These benefits plus their related taxes are classified as compensated absences. Both the current and long-term portion of compensated absences are accrued and reported in the government-wide and proprietary fund financial statements. A liability is reported in the governmental funds only if it has matured, for example, as a result of employee resignations and retirements, and is considered due and payable at year-end. Compensated absences have typically been liquidated by the fund in which the employees' salaries are charged, the most significant of these being General Fund, Transportation Trust and Gas Taxes, Hernando County Fire Rescue-Fire, and the Water and Sewer District.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Other Long-Term Obligations

In the government-wide financial statements and proprietary fund financial statements, discounts, premiums and bond insurance costs related to long-term debt, and gains/losses on bond refundings are deferred and amortized over the life of the bonds using the straight-line method of accounting. Discounts and premiums are combined with the debt, and classified as a liability. Bond insurance is classified as an asset. Gains/losses are classified as deferred inflows/outflows of resources. Discounts, premiums, bond insurance costs, and other issuance costs related to debt in the governmental fund financial statements are recorded as expenditures or other financing sources/uses when paid and therefore are not accounted for in subsequent periods.

State and federal laws and regulations require the Waste Management Division to place a final cover on the landfill cells when they stop accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Division accrues an estimated portion of these closure and post-closure costs at the balance sheet date.

The County's risk management activities are recorded in Internal Service Funds (Risk Management, Worker's Compensation and Health Insurance). The Worker's Compensation Fund is a self-insurance program for worker's compensation claims on losses up to established maximums, and is insured against losses in excess of those amounts. Both the County Health Insurance and Sheriff Health Insurance are self-insurance funds for medical health insurance claims up to established maximums, and are insured against losses in excess of those amounts.

Based on actuarial estimates, "Claims Liabilities" have been established in the Worker's Compensation, County Health Insurance and Sheriff Health Insurance Funds for claims reported but not paid, and incurred but not reported.

Long-term obligations associated with pensions, compensated absences and post-employment liabilities have typically been liquidated by the fund in which the employees' salaries are charged, the most significant of these being General Fund, Transportation Trust and Gas Taxes, Hernando County Fire Rescue – Fire, and the Water and Sewer District.

7. EFFECTS OF NEW ACCOUNTING PRONOUNCEMENTS

During the year ended September 30, 2021, the County implemented the following Governmental Accounting Standards Board (GASB) Statements:

- GASB Statement No. 84, Fiduciary Activities requires the financial statements of custodial funds held
 by the County to be restated to comply with the liability recognition criteria of the Statement. See Note
 R for restatement of beginning Net Position.
- GASB Statement No. 89, Accounting for Interest Cost Incurred before the End of a Construction Period states interest incurred before the end of a construction period should be recognized as an expense in the period in which the cost is incurred. This change is being applied prospectively effective October 1, 2020.

NOTE B - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

1. BUDGETARY COMPARISONS

Only funds with legally adopted budgets are included when the budget to actual expenditures or revenues are compared. The actual figures are presented on the same basis of accounting as the budgeted figures on these statements. Only actual expenditures are compared to budgeted expenditures since all encumbrances lapse at year-end. All funds have legally adopted annual budgets for the fiscal year ended September 30, 2021.

2. EXCESS OF EXPENDITURES OVER APPROPRIATIONS

For the year ended September 30, 2021, there were no funds that had an excess of actual expenditures over budgeted expenditures.

3. DEFICIT FUND BALANCES/NET POSITION

There were no funds with deficit fund balances/net position at September 30, 2021.

NOTE C – CASH AND INVESTMENTS

In order to minimize its cost basis and limit taxpayer liability in the provision of a full range of county services, the County manages a portfolio of cash and investments to maximize net investment earnings on invested surplus funds. The Board of County Commissioners and Constitutional Officers each maintain an approved investment policy in compliance with guidelines and restrictions established by Florida Statutes. The primary objective of the investment policy is to assure that investment risk is limited upon order entry. The second criterion is the assurance of liquidity and the third consideration is yield.

The County is authorized to invest surplus public funds in the following:

- The Local Government Surplus Funds Trust Fund, Florida Prime;
- The Florida Local Government Investment Trust, Florida Trust;
- Direct obligations of the United States Treasury;
- Federal agencies and instrumentalities;
- Certain obligations issued or guaranteed by the United States Government Agencies;
- Certain Supranationals;
- Certain Mortgage Backed Securities;
- Certain Interest-bearing time deposits or savings accounts in qualified public depositories;
- Certain repurchase agreements;
- · Certain Registered money market funds;
- Certain commercial paper which is rated as prime by at least two nationally recognized statistical rating organizations;
- Certain corporate bonds;
- Certain Domestic Bankers' Acceptances;
- · Certain Municipal Debt General Obligation securities;
- Certain Corporate Notes which are rated A or better by at least two nationally recognized statistical rating organizations;
- · Certain Asset Backed Securities;
- Other Intergovernmental Investment Pools.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

The following is a summary of the carrying amount of cash, investments and cash held with fiscal agent as of September 30, 2021:

	G	overnmental Activities	В	usiness-Type Activities	Total	
Cash and Cash						
Equivalents	\$	18,392,817	\$	201,388	\$ 186,422	\$ 18,780,627
Pooled Cash and						
Investments		209,766,120		120,042,113	13,467,495	343,275,728
Cash with Fiscal						
Agent		503,393		1,994,168		 2,497,561
Total	\$	228,662,330	\$	122,237,669	\$ 13,653,917	\$ 364,553,91 6

The County had the following deposits, investments and cash held with fiscal agent at September 30, 2021:

Deposits	\$ 52,684,392
Cash with Fiscal Agent	2,497,561
Carrying Amount of Investments	309,371,963
Total	\$ 364,553,916

DEPOSITS

Deposits represent petty cash and cash held with banks in demand deposit and/or savings accounts. To manage custodial credit risk for deposits, all demand and time deposits, including money market accounts, are insured and collateralized in accordance with Chapter 280, Florida Statutes, which established the Public Deposit Security Trust Fund, a multiple financial institution collateral pool. Florida Statutes Section 280.08 provides for assessments against the members of the pool on a pro rata basis in the event that the collateral pool is insufficient to cover the losses of a member financial institution that fails. As such, all deposits covered by this collateral pool are considered to be fully insured.

CASH WITH FISCAL AGENT

At fiscal year end, the County had the following funds held by a fiscal agent for the County:

Transportation Trust Fund	\$ 433,664
Non-major Governmental Funds	69,729
Water & Sewer District	 1,994,168
	\$ 2,497,561

These funds are held by the State in conjunction for joint transportation and utility relocation projects, and other road improvement projects.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

INVESTMENTS

At September 30, 2021, the County's investments consisted of the following:

Type of Investment United States Treasuries	<u>Par Value</u> \$ 108,815,000	Fair Value \$ 109,417,983	1-3 years \$ 38,656,070	1-5years \$ 70,761,913

Investment Trust, (Florida Trust)	30,871,539	30,871,542	30,871,542	-
Florida Cooperative Liquid				
Assets Securities System (FLCLASS)	61,000,000	61,025,588	61,025,588	-
	\$ 308,163,961	\$ 309,371,963	\$ 207,842,877	\$ 101,529,086

The County participates in Securities Exchange Commission Registered Money Market Funds. Money Market Funds use amortized cost which is reported at a stable NAV, typically \$1.00 per share. The money market funds are rated AAAm for Credit Quality by Standard & Poor's Rating Agency.

The County also participates in the following investment pools:

The State of Florida Local Government Surplus Funds Trust Fund (Florida Prime) administered by the State Board of Administration (SBA). This investment pool was created by Section 218.415, Florida Statutes, and operates under investment guidelines established by Section 215.47, Florida Statues. The County's investments in this pool are reported at amortized cost which approximates fair value, and are not subject to the fair value hierarchy.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

The Florida Local Government Investment Trust (Florida Trust), which is administered by a Board of Trustees appointed by the Florida Association of Court Clerks and Comptrollers, and the Florida Association of Counties, Inc. The Florida Trust was created in 1992 to provide a means for public entities to pool surplus funds to maintain safety of principal and maximize available yield. The Florida Trust reports all share information at Net Asset Value and reflects share value.

The Florida Cooperative Liquid Assets Securities System (FLCLASS), an independent local government investment pool designed to provide a safe and competitive investment alternative for Florida governmental entities. The management of FLCLASS is under the direction of an appointed Board of Trustees comprised of eligible participants of the FLCLASS program. The FLCLASS reports all share information at Net Asset Value and reflects share value.

None of the pools have limitations or restrictions on participant withdrawals including items such as redemption notices, maximum transaction amounts, or authority to impose liquidity fees or redemption gates.

GASB Statement No. 72, Fair Value Measurement and Application, sets forth the framework for measuring fair value and establishes a Fair Value Hierarchy. The County's investments are recorded at fair value unless the investment qualifies as an external investment pool under the guidance in GASB Statement No. 79. The County's valuation measurement is reflected in the chart above. The Fair Value Hierarchy categorizes the inputs of valuation techniques used to measure fair value into three levels. The Fair Value Hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. Following is a description of the three levels of valuation techniques, and the specific technique the County uses.

- Level 1 inputs: quoted prices (unadjusted) for identical assets or liabilities in active markets that a
 government can access a the measurement date. US Treasuries are valued using quoted prices in
 active markets from the custodian bank's primary external pricing vendors. Money Market Funds are
 valued using quoted market prices.
- Level 2 inputs: certain inputs other than quoted prices that are observable for the asset or liability. US
 Agencies and Instrumentalities, Corporate Notes and Municipal Notes are valued using prices from the
 custodian bank's external pricing vendors, and often involves the use of evaluation models such as
 Matrix Pricing, which is based on the securities' relationship to benchmark quoted prices..
- Level 3 inputs: unobservable inputs for an asset or liability. The County didn't have any investments with a Fair Value Hierarchy of Level 3.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

At September 30, 2021, the County's investments carried the following Credit Rating and Fair Value Hierarchy:

Type of Investment	Credit Rating S&P's/Moody's	Fair Value <u>Hierarchy</u>
United States Treasuries	AA+/Aaa	1
Federal Home Loan Bank	AA+/Aaa	2
Federal Home Loan Mortgage Coporation	AA+/Aaa	2
Federal National Mortgage Association	AA+/Aaa	2
Federal Farm Credit Bank	AA+/Aaa	2
Money Market Fund	AAAm/Aaa	1
Corporate Notes	A to AA+/A2 to Aa1	2
Municipal Notes	AA/Aa1	2
Local Government Surplus Funds Trust Fund, (Florida Prime)	AAAm/NA	N/A
Florida Local Government Investment Trust (Florida Trust)	AAAf/NA	N/A
Florida Cooperative Liquid Assets Securities System (FLCLASS)	AAAm/NA	N/A

Management of the following investment risks are addressed below:

- Custodial credit risk risk that a government will not be able to recover deposits or the value of an investment that's in the possession of a failed institution or counterparty;
- Credit risk risk of loss from an issuer's failure to repay principal and/or interest on a debt obligation;
- Liquidity risk risk that an investment cannot be bought or sold quickly enough to minimize a loss stemming from a lack of marketability;
- Concentration of investment risk increasing probability of loss arising from heavily lopsided exposure to an asset class, issuer, structure or maturity;
- Interest rate risk risk that a security's value will decrease with a rise in interest rates.

To manage custodial credit risk for investments, the County's investment policy specifies the County will execute a Third-Party Custodial Safekeeping Agreement with a commercial bank's trust department separately chartered by the U.S. Government or State of Florida. In addition, no more than 25% of the entire portfolio may be placed with any one financial institution or securities dealer. All securities purchased by the County are properly designated as an asset of the County and are held in safekeeping by the bank's trust department.

NOTE C – CASH AND INVESTMENTS (CONTINUED)

To manage credit risk, the County's investment policy identifies and limits investments to only top ratings issued by nationally recognized statistical rating organizations. At order entry, the County's investments in Federal Farm Credit Bank, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation and Federal National Mortgage Association were rated Aaa by Moody's Investor Service. At order entry, the County's investments in corporate and municipal notes were rated A or better.

To manage liquidity risk, the County's investment policy identifies and limits investment to only top ratings issued by nationally recognized statistical rating organizations. In order to ensure deep liquid markets, the County's investment policy identifies and limits investment in corporate notes to domestic issuers. Position size is also taken into consideration with regard to liquidity risk.

To manage concentration of investment risk, the County's investment policy stipulates maximum limitation guidelines for diversification by instrument. A maximum of 50% of the portfolio may be invested in each of the Florida Trust and Local Government Surplus Funds Trust Fund (Florida Prime) individually. Investment maximum limitations range from 10% to 80% for each of the remaining types of investments. More than 5% of the County's total investments are invested in US Treasuries..

To manage interest rate risk, the County maintains a formal investment policy that limits investment maturities not to exceed seven (7) years. The County maintains and reports interest rate risk using the segmented time distribution method. This coupled with a diversified portfolio of differing maturities that employ callable, floating, and structured securities limits exposure to fair value losses arising from interest rate risk.

NOTE D – RECEIVABLES

Accounts receivable at September 30, 2021, for the County's individual major funds and non-major funds in total, including applicable allowances for uncollectibles were as follows:

	Accounts Receivable, Gross	Allowance for ncollectible Accounts	Accounts Receivable, Net	
General Fund	\$ 1,173,564	\$	862,733	\$ 310,831
Transportation Trust and Gas Taxes	63,065		9,245	53,820
Hernando County Fire Rescue -Fire	213,595		195,954	17,641
Hernando County Fire Rescue -Rescue	13,356,968		3,664,401	9,692,567

Internal Service Funds	419,856			 419,856
Total	\$ 35,305,528	\$	19,102,052	\$ 16,203,476

NOTE D – RECEIVABLES (CONTINUED)

Included in accounts receivable in the Water and Sewer District are unbilled amounts totaling \$2,213,668 earned in September 2021, but billed in October 2021.

The County's State Housing Initiatives Partnership (SHIP) program offers zero-interest rate loans for housing rehabilitation or down payment assistance to qualified recipients. Currently, the loans are required to be repaid at the sale/transfer of the property if made before 30 years. Loans are forgiven if the recipient remains in the house beyond 30 years. The County has recorded the gross amount of the receivable as an asset of \$13.8 million, offset entirely by an allowance for uncollectible receivables.

Due from Other Governments at September 30, 2021, for the County's individual major funds and non-major funds were as follows:

	Due from		Due from				
		Grantors	State		Other		 Total

Total Due To/Due From Other Funds	\$ 1,732,598	\$ 1,732,598

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system, and (3) payments between funds are made. The outstanding balances generally are the result of one fund providing services to another fund.

2. ADVANCES TO / ADVANCES FROM OTHER FUNDS

Individual interfund advances were as follows:

	 ances to	_	Advances om Other Funds
General Fund	\$ 450,000	\$	-
Special Revenue Funds Miscellaneous Special Revenue Funds The General Fund advanced \$450,000 at 0% interest, to establish a separate fund within Miscellaneous Special Revenue funds for the Hernando/Citrus Metropolitan Planning Organization. A date for final reimbursement has not been determined.	-		450,000
Total Advances To/Advances From Other Funds	\$ 450,000	\$	450,000

NOTE G – INTERFUND TRANSACTIONS (CONTINUED)

3. INTERFUND TRANSFERS

Transfers are used to (1) move revenues from the fund in which statute or budget requires the money to be collected to the fund in which statute or budget requires the money to be spent, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due and (3) use unrestricted revenues collected in the General Fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

3. BONDS PAYABLE

Governmental Activities

NON-AD VALOREM REFUNDING REVENUE BONDS, SERIES 2010

Non-Ad Valorem Refunding Revenue Bonds, Series 2010 dated February 19, 2010 in the aggregate amount of \$9,980,000 were issued as a direct placement during the fiscal year ended September 30, 2010. Of the total bonds issued, the portion attributable to the Governmental Fund is \$5,700,000. The bonds were issued to legally defease all of the outstanding Capital Improvement Revenue Refunding Bonds, Series 1998 and a portion of the Water and Sewer Refunding Revenue Bonds, Series 1998, and to pay certain costs and expenses relating to the issuance of the Series 2010 Bonds, including the premium for a financial guaranty insurance policy.

The Series 2010 Bonds are payable solely from the County's covenant to budget and appropriate in its annual budget Non-Ad Valorem revenues sufficient to pay principal and interest when due and pay all required deposits to the Rebate Fund. For the fiscal year 2021, pledged revenues in the amount of \$52 million provided a coverage ratio of 14.38 times the annual debt service for the combined Non-Ad Valorem Refunding Revenue Bonds, Series 2010 and the Non-Ad Valorem Refunding Revenue Note, Series 2012.

Interest on the bonds is payable February 1 and August 1 of each year, commencing August 2010. The bonds carry interest rates varying from 2.0% to 4.125%, depending upon maturity date. Bonds maturing on or before February 1, 2020 are not subject to optional redemption prior to their respective stated dates of maturity. Bonds maturing on February 1, 2021 and thereafter are subject to redemption prior to their respective dates of maturity.

The following are the debt service requirements until maturity for the governmental activity bonds outstanding as of September 30, 2021:

Non-Ad Valorem Refunding Revenue Bonds Series 2010

Year	Principal	Interest
2022	395,000	42,031
2023	415,000	25,831
2024	425,000	 8,766
Total	\$ 1,235,000	\$ 76,628

Water & Sewer District

HOLLAND SPRINGS BONDS

Revenue bonds ("Series E Bonds") were issued to finance the construction of the Holland Springs water project, in the amount of \$659,450. The direct placement bonds were scheduled to mature April 1, 2025 with interest thereon at the rate of 7% per year payable each April 1 and October 1 beginning October 1, 1985. During the fiscal year ended September 30, 1989, an amended agreement was executed whereby \$619,500 of these revenue bonds were canceled in exchange for connection fee credits to the developer in a like amount. The remaining \$39,950 of bonds remain outstanding and payable in accordance with the original bond provisions. The bonds are payable from Net Revenues only up to an amount per annum equal to twenty-five percent (25%) of that portion of the revenues in the immediately preceding fiscal year derived from the Holland Springs system in excess of \$20,000, as certified by the Consulting Engineer.

In the event that insufficient revenues to pay principal of and interest on the Series E Bonds are so derived from the Holland Springs system at the maturity date of the Series E Bonds, the lien of the Series E Bonds on Net Revenues shall be extinguished, and the County shall be under no obligation to provide for the payment of the principal or interest on the Series E Bonds. As of year-end, insufficient revenues have been generated to require payment of principal or interest on these bonds. As such, these bonds have not been included in the following schedule of debt service requirements.

WATER AND SEWER REFUNDING REVENUE BONDS, SERIES 2021 BONDS

Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A in the amount of \$25,565,000, and Water and Sewer Refunding Revenue Bonds, Series 2021B in the amount of \$37,135,000 (collectively the "Series 2021 Bonds") dated April 15, 2021, were issued as a direct placement during the fiscal year ended September 30, 2021.

Interest on the Series 2021 Bonds is payable June 1 and December 1 of each year, commencing December 2021.

The Series 2021 Bonds are payable solely from and secured by a lien upon and pledge of Net Revenues and Connection Fees of the System. For the fiscal year 2021, Pledged Funds in the amount of \$24.6 million provided a coverage ratio of 8.56 times the annual debt service for the combined bonds.

The Series 2021 Bonds maturing before June 1, 2032 are not subject to optional redemption prior to their respective stated dates of maturity. Bonds maturing on or after June 1, 2032 are subject to redemption prior to their respective stated dates of maturity at the option of the County.

Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A

The Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A were issued to provide funds together with other legally available monies of the County, sufficient to refund all outstanding Water and Sewer Refunding Revenue Bonds, Series 2013A, and to pay certain costs and expenses relating to the issuance of the Series 2021A Bonds.

NOTE H – LONG-TERM LIABILITIES (CONTINUED)

The Water and Sewer Refunding Bonds, Series 2021B were issued to provide funds, together with other legally available monies of the County, sufficient to prepay all of the County's outstanding loans with the Florida Department of Environmental Protection under the State Revolving Fund Program, and to pay certain costs and expenses relating to the issuance of the Series 2021B Bonds.

The Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A carry interest varying from .315% to 2.441% depending upon maturity date.

Interest on the bonds is payable June 1 and December 1 of each year, commencing December 2021. The bonds carry interest rates varying from 0.3% to 5.0%, depending upon maturity date. Bonds maturing on or before June 1, 2023 are not subject to optional redemption prior to their respective stated dates of maturity. Bonds maturing after June 1, 2032 are subject to redemption prior to their respective dates of maturity.

Water and Sewer Refunding Revenue Bonds, Series 2021B

Water and Sewer Refunding Revenue Bonds, Series 20121B dated April 15, 2021 in the aggregate amount of \$37,135,000 were issued as a direct placement during the fiscal year ended September 30, 2021. The bonds were issued to prepay outstanding county loans with the Florida Department of Environmental Protection under the State Revolving Fund program and pay certain costs associated with the issuance of the Series 2021B bonds.

The Water and Sewer Refunding Revenue Bonds, Series 2021B carry interest varying from 3.00% to 5.00% depending upon maturity date.

The Series 2021B Bonds are payable solely from and secured by a lien upon and pledge of the Net Revenues and Connection Fees of the County's water and sewer system. For the fiscal year 2021, pledged revenues in the amount of \$25 million provided a coverage ratio of 8.56 times the annual debt service for the combined Water and Sewer Refunding Revenue Bonds, Series 2013A, and the Water and Sewer portion of the Non-Ad Valorem Refunding Revenue Bonds, Series 2010.

Interest on the bonds is payable June 1 and December 1 of each year, commencing December 2013. The bonds carry interest rates varying from 3.0% to 5.0%, depending upon maturity date. Bonds maturing on or before June 1, 2023 are not subject to optional redemption prior to their respective stated dates of maturity. Bonds maturing after June 1, 2032 are subject to redemption prior to their respective dates of maturity.

NOTE H – LONG-TERM LIABILITIES (CONTINUED)

The following are the debt service requirements until maturity for the Hernando County Water and Sewer District revenue bonds, excluding the Holland Springs Bonds, as noted previously:

	Taxable Water and Sewer Refunding Revenue Bonds Series 2021A Water and Sewer Refunding Revenue Bonds Series 2021B					Refunding Revenue Bonds			Water and Sewer Refunding Revenue Bonds Total			
Year		Principal		Interest		Principal		Interest		Principal		Interest
2022	\$	1,805,000	\$	437,706	\$	1,395,000	\$	1,723,330	\$	3,200,000	\$	2,161,036

2024		1,855,000		389,537		2,235,000		1,454,800		4,090,000		1,844,337
2025		1,865,000		378,611		2,325,000		1,365,400		4,190,000		1,744,011
2026		1,885,000		359,699		2,415,000		1,272,400		4,300,000		1,632,099
2027-2031		9,880,000		1,349,185		14,020,000		4,424,250		23,900,000		5,773,435
2032-2036		6,425,000		307,649		11,625,000		1,268,250		18,050,000		1,575,899
2037				-		970,000		29,100		970,000		29,100
Total	\$	25,565,000	\$	3,618,676	\$	37,135,000	\$	13,078,330	\$	62,700,000	\$	16,697,006

The following is a reconciliation of total principal due on the Water and Sewer District's revenue bonds as of September 30, 2021, per the Statement of Net Position and the preceding amortization schedule:

Principal per amortization schedule	\$ 62,700,000
Unamortized premium as of September 30, 2021	8,039,125
Bonds not included in amortization schedule, as noted above:	
Holland Springs Bonds	 39,950
Total Carrying Value, Revenue Bonds	70,779,075
Current Portion, Revenue Bonds	(3,200,000)
Current Portion of unamortized premium	 (515,880)
Long-Term Portion, Revenue Bonds	\$ 67,063,195

4. DEFEASED BONDS

In prior years, the County defeased certain revenue bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on old bonds. Accordingly, the trust account assets and the liability for the defeased bonds were not included in the County's financial statements. As of September 30, 2021, there were defeased bonds outstanding from 2021 refundings in the amount of \$24,380,000 for Water and Sewer Refunding Revenue Bonds, Series 2013A.

5. DEBT COMPLIANCE

Various bond indentures contain significant limitations and restrictions on the County regarding annual debt service requirements, the use of certain restricted accounts, minimum sinking fund balances, and minimum revenue bond coverage. Management believes that the County has complied with all material financial related covenants.

NOTE H – LONG-TERM LIABILITIES (CONTINUED)

6. CONDUIT DEBT OBLIGATIONS

Periodically, Hernando County has issued Industrial Revenue Development Bonds to provide financial assistance to private-sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Hernando County is not obligated in any manner for the repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of September 30, 2021 there was one series of outstanding Industrial Revenue Development Bonds, with an outstanding principal amount of \$11,132,500.

NOTE I - RETIREMENT SYSTEM

General Information about the Florida Retirement System (FRS)

The Florida Retirement System (FRS) was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees are eligible to enroll as members of the state-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and escribed in detail. Such provisions may be amended at any time by further action from Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

NOTE I – RETIREMENT SYSTEM (CONTINUED)

For the year ended September 30, 2021, the County's contributions to all Plans totaled \$15,992,038. For further information of contributions by plan for each of the Constitutional Officers, see the schedule below:

	Florida		Health			
	Retirement		Insurance			
	System	Subsidy		Investment		
	(FRS)		(HIS)	Plan		 Total
Board of County Commissioners	\$ 6,769,713	\$	744,982	\$	420,438	\$ 7,935,133
Clerk of Circuit Court	508,202		76,758		22,638	607,598
Property Appraiser	287,395		35,077		21,610	344,082
Tax Collector	322,323		36,820		3,198	362,341
Sheriff	5,797,888		541,738		284,997	6,624,623
Supervisor of Elections	102,416		8,932		6,913	 118,261
	\$ 13,787,937	\$	1,444,307	\$	759,794	\$ 15,992,038

Payables to the Pension Plan—The County reported a payable of \$1,805,176 for the outstanding amount of contributions to the Plan required for the fiscal year ended September 30, 2021.

1. FRS PENSION PLAN

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing, multiple-employer qualified defined benefit pension plan, with a DROP available for eligible employees. The general classes of membership applicable for the County are as follows:

- Regular Class—Members of the Plan who do not qualify for membership in the other classes.
- Elected County Officer Class—Members who hold specified elective offices in local government.
- Senior Management Service Class—Members in senior management level positions.
- Special Risk Class—Members who are employed as law enforcement, fire and rescue and others who meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the plan on or after July 1, 2011, vest at eight years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of the plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustment to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipts of monthly benefit payments while continuing employment with an FRS employer.

NOTE I – RETIREMENT SYSTEM (CONTINUED)

An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal year's earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Certain members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment and Retirement Age/Years of Service	Percent Value
Regular Class Members Initially Enrolled Before July 1, 2011:	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 years of service	1.68
Regular Class Members Initially Enrolled on or After July 1, 2011:	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 years of service	1.68
Elected County Officers	3.00
Circuit and County Court Judges	3.33
Senior Management Service Class	2.00
Special Risk Class	
Service from December 1, 1970 thru September 30, 1974	2.00
Service on and after October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

NOTE I – RETIREMENT SYSTEM (CONTINUED)

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2020-2021 fiscal year (September 30th) were as follows:

	Year Ended J Percent o Comper	of Gross	Year Ended June 30, 2022 Percent of Gross Compensation			
Class	Employee	Employer	Employee	Employer		
FRS, Regular	3.00	8.28	3.00	9.10		
FRS, Special Risk Regular	3.00	22.73	3.00	24.17		
FRS, Elected County Officers	3.00	47.46	3.00	49.70		
FRS, Senior Management Service	3.00	25.57	3.00	27.29		
DROP—Applicable to Members from All						
of the Above Classes	0.00	15.32	0.00	16.62		

Notes: (1) These rates include the normal cost and unfunded actuarial liability contributions but do not include the 1.66% contribution for the Retiree Health Insurance Subsidy and the fee of 0.06% for administration of the FRS Investment Plan and provision of educational tools for both plans.

The County contributions, including employee contributions, to the Plan totaled \$13,787,937 for the fiscal year ended September 30, 2021. This excludes the HIS and Investment Plan contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2021, the County reported a liability of \$26,061,739 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The County's proportionate share of the net pension liability was based on the County's 2020-21 fiscal year contributions relative to the 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the County's proportion was .345012032%, which was a decrease of .02742427 from its proportion measured as of June 30, 2020.

For the year ended September 30, 2021, the County recognized a negative pension expense of \$50,969,748 related to the Plan. This was due to the plan's funded ratio increasing from 78.85% to 96.40% during the plan's fiscal year. At September 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description	Deferred Outflows of Resources	Deferred Inflows of Resources
•	 	 Resources
Contributions Subsequent to the Measurement Date	\$ 3,884,222	\$ -
Difference between Expected and Actual Experience	4,467,023	-
Changes in Assumptions	17,832,734	-
Net Difference between Projected and Actual Earnings on		
Pension Plan Investments	-	90,922,853
Employer Specific Amounts Due to Changes in Employer		
Proportion	 1,895,182	8,381,637
Total	\$ 28,079,161	\$ 99,304,490

NOTE I – RETIREMENT SYSTEM (CONTINUED)

The deferred outflows of resources related to pensions, totaling \$3,884,222, resulting from County contributions subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	
Ending	 Amount
2022	\$ (13,282,424)
2023	(15,515,810)
2024	(20,016,723)
2025	(25,390,128)
2026	 (904,466)
Total	\$ (75,109,551)

For information regarding the Net Pension Liability, Deferred Outflows of Resources, and Deferred Inflows of Resources by Constitutional Officer, see the table below:

				Deferred		Deferred	
	Net Pension			Outflows of		Inflows of	
		Liability	Resources		Resources		
Board of County Commissioners	\$	12,998,054	\$	13,216,203	\$	48,502,506	
Clerk of Circuit Court		921,719		1,172,547		3,276,655	
Property Appraiser		552,611		556,638		1,941,813	
Tax Collector		597,877		690,865		2,150,477	
Sheriff		10,804,740		12,207,012		42,757,696	
Supervisor of Elections	-	186,738		235,896		675,343	
	\$	26,061,739	\$	28,079,161	\$	99,304,490	

Actuarial Assumptions. The total pension liability in the July 1, 2021 actuarial valuation was determined using the individual entry age cost method and the following actuarial assumptions:

Inflation	2.40%
Salary Increases	3.25% Average, Including Inflation
Discount Rate	6.80%
Long-term Expected Rate of Return, Net of Investment	
Expense	6.80%
Municipal Bond Index	N/A

Mortality rates were based on the PUB2010 Base Table, varying by member, category & sex, projected generationally with SCALE MP 2018.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

NOTE I – RETIREMENT SYSTEM (CONTINUED)

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment or the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

		Annual	Compound Annual	
	Target	Arithmetic	(Geometric)	Standard
Asset Class	Allocation	Return	Return	Deviation
Cash	1.0%	2.1%	2.1%	1.1%
Fixed Income	20.0%	3.8%	3.7%	3.3%
Global Equity	54.2%	8.2%	6.7%	17.8%
Real Estate	10.3%	7.1%	6.2%	13.8%
Private Equity	10.8%	11.7%	8.5%	26.4%
Strategic Investments	3.7%	5.7%	5.4%	8.4%
Total	100.0%			

Discount Rate. The discount rate used to measure the total pension liability in the July, 2020 valuation was 6.80%. The Plan's fiduciary net pension position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 6.80%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.80%) or 1-percentage-point higher (7.80%) than the current rate:

	Current					
	1% Decrease 5.80%		Discount Rate 6.80%		1% Increase 7.80%	
Employer's Proportionate Share of						
Net Pension Liability (Asset)	\$	116,549,837	\$	26,061,739	\$	(49,576,168)

Pension Plan Fiduciary Net Position. Detailed information about the Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

2. HIS PENSION PLAN

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing, multiple-employer defined benefit pension plan established and administered in accordance with Section 112.363, Florida Statutes. The Florida Legislature established and amends the contribution requirements and benefit terms of the HIS program. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs.

NOTE I – RETIREMENT SYSTEM (CONTINUED)

Benefits Provided. For the fiscal year ended June 30, 2021, eligible retirees and beneficiaries received a monthly HIS payment equal to the number of years of service credited at retirement multiplies by \$5. The minimum HIS payment is \$30 and the maximum payment is \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under the State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the Plan fiscal years ended June 30, 2021 and 2020, the contribution rates were 1.66% of payroll, pursuant to Section 112.363, Florida Statutes. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide a full subsidy benefit to all participants, benefits may be reduced or cancelled.

The County's contributions to the HIS Plan totaled \$1,396,091 for the fiscal year ended September 30, 2021. This excludes the Pension Plan and Investment Plan contributions.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions. At September 30, 2021, the County reported a liability of \$29,288,844 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2021. The County's proportionate share of the net pension liability was based on the County's 2020-21 fiscal year contributions relative to the 2020-21 fiscal year contributions of all participating members. At June 30, 2021, the County's proportion was .2387709%, which was an increase of .00264948 from its proportion measured as of June 30, 2020.

For the year ended September 30, 2021, the County recognized a negative pension expense of \$226,985 related to the Plan. At September 30, 2021, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Description		Deferred Outflows of Resources	I	Deferred Inflows of Resources
•	_ —			Resources
Contributions Subsequent to the Measurement Date	\$	386,797	\$	-
Difference between Expected and Actual Experience		980,079		12,268
Changes in Assumptions		2,301,448		1,206,775
Net Difference between Project and Actual Earnings on				
Pension Plan Investments		30,533		-
Employer Specific Amounts Due to Changes in Employer				
Proportion		1,054,782		527,615
Total	\$	4,753,639	\$	1,746,658

NOTE I – RETIREMENT SYSTEM (CONTINUED)

The deferred outflows of resources related to pensions, totaling \$386,797, resulting from County contributions to the HIS Plan subsequent to the measurement date, will be recognized as a reduction of the net pension liability in the year ended September 30, 2022. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Fiscal Year	
Ending	Amount
2022	\$ 815,732
2023	284,821
2024	489,761
2025	570,516
2026	377,688
Thereafter	81,666
Total	\$ 2,620,184

For information regarding the Net Pension Liability, Deferred Outflows of Resources, and Deferred Inflows of Resources by Constitutional Officer, see the table below:

				Deferred		Deferred
	Net Pension			Outflows of		Inflows of
		Liability		Resources		Resources
Board of County Commissioners	\$	15,347,517	\$	2,296,593	\$	987,114
Clerk of Circuit Court		1,519,083		226,191		98,915
Property Appraiser		724,924		105,910		40,103
Tax Collector		739,889		159,670		47,516
Sheriff		10,776,183		1,913,896		561,623
Supervisor of Elections		181,248		51,379		11,387
	\$	29,288,844	\$	4,753,639	\$	1,746,658

Actuarial Assumptions. The total pension liability in the July 1, 2021 actuarial valuation, was determined using the individual entry age cost method and the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.40%
Salary Increases	3.25% Average, Including Inflation
Discount Rate	2.16%
Long-term Expected Rate of Return, Net of Investment	
Expense	N/A
Municipal Bond Index	2.16%

Mortality rates were based on the Generational PUB 2010 with Projection Scale MP 2018.

The actuarial assumptions used in the June 30, 2021 valuation, were based on the results of an actuarial experience study for the period July 1, 2013, through June 30, 2018.

NOTE I – RETIREMENT SYSTEM (CONTINUED)

Discount Rate. The discount rate used to measure the total pension liability was 2.16%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 2.16%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (1.16%) or 1-percentage-point higher (3.16%) than the current rate:

				Current		
	1	% Decrease	D	iscount Rate	•	1% Increase
		'(1.16%)		'(2.16%)		'(3.16%)
Employer's Proportionate Share of		, ,		,		, ,
Net Pension Liability	\$	33,860,739	\$	29,288,844	\$	25,543,196

Pension Plan Fiduciary Net Pension. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

3. FRS-DEFINED CONTRIBUTION PENSION PLAN

The County contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Annual Comprehensive Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to the individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officials, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the Investment members' accounts during the 2020-21 fiscal year are as follows:

NOTE I – RETIREMENT SYSTEM (CONTINUED)

	Year Ended Jo Percent o Compen	of Gross	Year Ended June 30, 2022 Percent of Gross Compensation		
Class	Employee	Employer	Employee	Employer	
FRS, Regular	3.00	3.30	3.00	3.30	
FRS. Special Risk Regular	3.00	11.00	3.00	11.00	
FRS, Elected County Officers	3.00	8.34	3.00	8.34	
FRS, Senior Management Service	3.00	4.67	3.00	4.67	

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Plan is transferred to the Investment Plan, the member must have the years of service required for Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeit benefits of Investment Plan members. For the fiscal year September 30, 2021, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Pension expense for the County's Investment Plan totaled \$759,794 for the fiscal year ended September 30, 2021.

NOTE J - POST EMPLOYMENT BENEFITS OTHER THAN PENSION

1. SUMMARY AND PLAN DESCRIPTION

In addition to the retirement plan described in Note I, the County provides post-retirement health care benefits in accordance with Section 112.0801, Florida Statutes, to all employees who retire from employment with the County. This is administered via a single-employer defined benefit healthcare plan (the "Plan"). In most cases, the retiree pays 100% of the premium cost for the retiree to participate in the County's insurance program. Because retirees are paying for insurance at the County group rate, the cost is lower than age adjusted rates they would acquire on their own. When a single premium is established for both active employees and retirees, the retiree 'benefits' from an abnormally low premium. Governmental Accounting Standards Board (GASB) Statement No. 45 describes such an arrangement as an 'implicit rate subsidy' and mandates that it be treated as Other Post-Employment Benefits (OPEB) even though the employer makes no payments directly on behalf of retirees. The Plan provides healthcare benefits including medical coverage, prescription drug benefits, vision care, dental care and life insurance coverage to both active and eligible retired employees. Dental and vision care benefits are immaterial and are not believed to result in an OPEB; therefore, they are not included in the OPEB calculation. The Plan does not issue a separate financial report.

NOTE J – POST EMPLOYMENT BENEFITS OTHER THAN PENSION (CONTINUED)

Currently, there are no direct subsidies provided by any of the County agencies to retired employees. The Sheriff's Office offered a subsidy to help pay the premium required to continue coverage under the County's plan, but effective November 1, 2010, that was discontinued.

Eligibility for participation in the Plan is limited to full time employees of the County, employees who are active participants in the Plan at the time of retirement, who retire and are either vested with the Florida Retirement System (FRS), are vested in the FRS and are age 62, have 30 years of creditable service before age 62, or meet alternative criteria if disabled or a member of a Special Risk Class. Surviving spouses or dependents of participating retirees may continue in the Plan if eligibility criteria specific to those classes are met. In an open session, the County approves the Plan rates for the enrollment period, and may amend the Plan with changes to the benefits, premiums and/or levels of participant contribution at any time.

The actuarial valuation of the OPEB liabilities was determined as of September 30, 2020 which is the same as the measurement date. These liabilities are used for the reporting period ending September 30, 2021.

Actuarial Valuation Date	9/30/2020
Measurement Date	9/30/2020
County's Reporting Date	9/30/2021

At September 30, 2018, the date of the latest actuarial valuation, plan participation consisted of:

Active Plan Participants	1,381
Retirees and Beneficiaries Receiving Benefits	96
Total Membership	1,477

2. FUNDING POLICY

Currently, the County's OPEB benefits are unfunded. The County has the authority to establish and amend a funding policy; however, no Trust contributions are legally or contractually required, and no assets are accumulated in a trust that meets the criteria of GASB Statement 75.

3. TOTAL OPEB LIABILITY

The components of the County's OPEB Liability at the Measurement Date of September 30, 2020 are as follows:

Total OPEB Liability OPEB Plan Fiduciary Net Position	\$ 20,304,347
County's Net OPEB Liability	\$ 20,304,347
OPEB Plan Fiduciary Net Position as a	
Percentage of Total OPEB Liability	0.00%

NOTE J – POST EMPLOYMENT BENEFITS OTHER THAN PENSION (CONTINUED)

4. CHANGES IN TOTAL OPEB LIABILITY

The changes in the OPEB Liability for the Measurement Period Ended September 30, 2021 are as follows:

Total OPEB Liability:	
Service Cost	\$ 1,158,078
Interest on Total OPEB Liability	559,255
Changes of Benefit Terms	-
Difference between Expected and Actual Expense	
Liability	119,256
Changes in Assumptions and Other Inputs	(291,981)
Benefit Payments	 (837,449)
Net Change in Total OPEB Liability	707,159
Total OPEB Liability-Beginning	 19,597,188
Total OPEB Liability-Ending	\$ 20,304,347
Covered Employee Payroll	\$ 76,535,704
Total OPEB Liability as a Percentage of Covered Employee Payroll	26.53%

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following table presents the total OPEB liability, calculated using the discount rate of 2.41%, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is one percentage-point lower (1.41%) or one percentage-point higher (3.41%) than the current discount rate:

				Current			
	Discount Rate						
	1% Decrease			Assumption		1% Increase	
		1.41%		2.41%		3.41%	
Total OPEB Liability	\$	21.907.468	\$	20.304.347	\$	18.809.346	

Sensitivity of the Total OPEB Liability to Changes in Healthcare Cost Trend Rates

The following table presents the total OPEB liability of the County using the discount rate of 6.25% decreasing to 3.99%, as well as what the County's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is one percentage-point lower (5.25%) or one percentage-point higher (7.25%) than the current discount rate.

		Di	Current scount Rate			
	% Decrease (5.25% ecreasing to 2.99%)		Assumption (6.25% ecreasing to 3.99%)	1% Increase (7.25% decreasing to 4.99%)		
Total OPEB Liability	\$ 18,079,154	\$	20,304,347	\$	23,010,639	

NOTE J – POST EMPLOYMENT BENEFITS OTHER THAN PENSION (CONTINUED)

5. OPEB EXPENSE AND DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES RELATED TO OPEB

Differences between expected and actual experience and changes in assumptions are recognized in OPEB expense using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all employees that are provided with OPEB through the OPEB plan (active employees and inactive employees) determined as of the beginning of the measurement period.

At the beginning of the measurement period, the average of the expected remaining service lives for purposes of recognizing the applicable combined deferred outflows and inflows of resources established in the measurement period is 11.8 years.

For the year ended September 30, 2021, the County recognized OPEB expense of \$1,398,898.

OPEB Expense:	
Service Cost	\$ 1,158,078
Interest on Total OPEB Liability	559,255
Current-Period Benefit Changes	-
OPEB Plan Administrative Expense	-
Outflow(Inflow) of Resources due to Liability	(178,408)
Total OPEB Expense	\$ 1,538,925

At September 30, 2021, the County has Deferred Outflows of Resources and Deferred Inflows of Resources related to OPEB from the following sources:

	Deferred Outflow of Resources					Net Deferred Amounts		
Differences between Expected and Actual Experience Changes in Assumptions and Other Inputs Benefits Paid After the Measurement Date	\$	2,387,366 1,400,670 1,024,189 4,812,225	\$	5,144,318 - 5,144,318	\$	2,387,366 (3,743,648) 1,024,189 (332,093)		

Deferred Inflows of Resources by Year are recognized in future OPEB expenses:

Defe	erred Inflow of
	Resources
\$	(178,408)
	(178,408)
	(178,408)
	(178,408)
	(178,408)
	(464,242)
\$	(1,356,282)

Estimated Deferred Outflow of Resources due to benefits paid after the measurement date is \$1,024,189.

NOTE J - POST EMPLOYMENT BENEFITS OTHER THAN PENSION (CONTINUED)

Change from Prior Reporting Year (includes Changes in Assumptions and Differences between Expected and Actual Experience):

	Dete of	Deterred Inflow of Resources		
Prior Year End Balance	\$	4,918,442	\$	5,442,958
Additions/Reductions		(106,217)		(298,640)
Current Year End Balances	\$	4,812,225	\$	5,144,318

6. ACTUARIAL METHODS AND ASSUMPTIONS

The total OPEB liability at September 30, 2021 was based on actuarial valuation data, from the Measurement Date of September 30, 2020, using the following actuarial assumptions:

Actuarial cost method Entry Age Normal

Inflation rate 2.25%
Discount rate 2.41%
Salary Increase Rates 3.4%-7.8%

Retirement Age FRS actuarial calculated

Mortality Rates Tables of Regular and Special Risk Class members of 7/1/2020 Florida

Retirement System actuarial valuation

Healthcare Cost Trend Rates Getzen Model, trend starting at 6.25% (1.5% for premiums to reflect actual

increase) for 2021, 6.00% for 2022 and gradually decreasing to an ultimate

trend rate of 3.99% plus a 0.0% increase for excise tax 2013 SOA Study "Health Care Costs-From Birth to Death"

Aging factors 2013 SOA Study "Health Care Costs-From Birth to Death"

Expenses Administrative expenses included in the per capita health costs

NOTE K - ARBITRAGE REBATE LIABILITY

Hernando County calculates and records the estimated liability for arbitrage rebate on its outstanding bonds. The rebate calculations are done pursuant to Internal Revenue Code Section 148. The amount to be rebated is calculated as the excess of amounts earned on investments of bond proceeds over amounts that would have been earned if investments had been invested at a rate equal to the rate of yield on the bond issue, plus any income attributable to such excess. The regulations provide that the first rebate payment must be made not later than sixty (60) days after the end of the fifth bond year of the issue; the last installment payment must be made within sixty (60) days after the day on which the issue's last obligation is redeemed. As of September 30, 2021, there is no estimated rebate liability on any of the County's bond issues.

NOTE L - PROPERTY TAXES

Property tax collections, sales, and liens are governed by Chapter 197 of the Florida Statutes.

The Just/Market Value of all properties in the County is established by the Property Appraiser as of January 1 of each year for the subsequent fiscal year. Taxable Value is computed after deducting from Assessed Value various exemptions including governmental, educational, religious, institutional and qualified personal exemptions e.g.; homestead, widow or widower, blind, disabled, and various veteran's exemptions.

NOTE L – PROPERTY TAXES (CONTINUED)

All property taxes are levied and become due and payable on November 1 of each year, and are delinquent on April 1 of the following year. Discounts are allowed for early payment of 4%, 3%, 2% and 1% in November through February, respectively. Delinquent taxes on real property may be paid after the date of delinquency but prior to the sale of a tax certificate by paying all taxes, costs, advertising charges, and interest of 18% per annum. For all real property with delinquent taxes, the Tax Collector advertises as required by Statute and sells tax certificates. All unsold certificates are issued to the County.

Any person owning real property upon which a tax certificate has been sold may redeem the property by paying the face amount of the tax certificate plus interest and costs associated with the sale of the certificate.

After taxes have been delinquent (April 1) for two years, the owner of a tax certificate may file an application for tax deed sale. The County is able to do the same for two years after taxes were due (November 1). All taxes imposed on any property become a first lien; superior to all other liens, as of January 1, of the year the taxes are levied.

NOTE M - RISK MANAGEMENT

The County's risk management activities are recorded in the Internal Service Funds (Risk Management, Workers' Compensation, County and Sheriff Health Insurance). The purpose of these funds is to administer workers' compensation, unemployment and disability insurance, property and liability insurance and health insurance. These funds account for the risk financing activities of the County but do not constitute a transfer of risk from the County.

Significant losses are covered by commercial insurance for all major programs, except workers' compensation. The County and the Sheriff are self-insured for health benefits. For insured programs, there have been no significant reductions in insurance coverage from the prior year. Settlement amounts have not exceeded insurance coverage for the current year or prior three years.

The Workers' Compensation fund is a self-insurance program for workers' compensation claims on losses up to \$1,250,000 per occurrence and is indemnified against losses in excess of these amounts. The Workers' Compensation fund has indemnified each fund against any losses in a given year in excess of the fee charged. In the event actual losses are less than the fee charged, such amounts will be retained in the Workers' Compensation fund. Claim settlements and losses are accrued and subsequently paid from the Workers' Compensation fund. As of September 30, 2021, claims accrued, including an estimate for claims incurred but not reported, were \$7,420,000. The County records an estimated liability for workers' compensation. Claims liabilities are based on estimates of the ultimate cost of reported claims and an estimate for claims incurred but not reported based on historical experience.

On October 1, 2011, the Sheriff's Office established a self-insurance program under Florida Statute 112.08 to reduce employee medical costs. The program is administered by an outside third party, and uses a combination of self-insurance and specific and aggregate stop-loss coverage to minimize risk exposure. It is accounted for in an Internal Service Fund. Fund revenues are primarily contributions from other funds, retirees, and employees, for amounts needed to pay insurance premiums, anticipated self-insured losses, and administrative expenses.

NOTE M – RISK MANAGEMENT (CONTINUED)

On October 1, 2014, the Board of County Commissioners established a County self-insurance program under Florida Statute 112.08 to reduce employee medical costs. The program facilitates self-insurance for the Board, Clerk of Court and Comptroller, Supervisor of Elections, Tax Collector and Property Appraiser. The program is administered by an outside third party, and uses a combination of self-insurance and aggregate stop-loss coverage to minimize risk exposure. It is accounted for in an Internal Service Fund. Fund revenues are primarily contributions from other funds, retirees, and employees for amounts needed to pay insurance premiums, anticipated self-insured losses, and administrative expenses.

activities	\$ 8,145,891	\$ 7,513,733	\$ 7,171,941	

NOTE N – CLOSURE AND POSTCLOSURE CARE COSTS

The County's active landfills are at the Northwest facility, and include a Class 1 landfill (Cells 1, 2 & 3) and a Construction & Demolition (C&D) landfill. State and federal laws and regulations require the Waste Management Division (the Division) to place final covers on the active County landfills when they stop accepting waste and to perform certain maintenance and monitoring functions at the site. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, the Division reports a portion of these closure and postclosure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. As of September 30, 2021, the Division has accrued a total of \$10,767,109 in liabilities related to estimated closure and postclosure care costs.

Cells 1 and 2 at the Class 1 landfill were partially closed in 2014 at a cost of \$3,158,604. Remaining closure costs of \$6,343,409 as shown in the table below, are primarily for Cell 3. Cell 3 is approximately 62% filled at September 30, 2021 and has a remaining design life of approximately 7 years. Postclosure maintenance and monitoring functions will be required for thirty years after closure. Remaining estimated postclosure costs for the Class 1 landfill (all Cells) are \$8,309,160. The class 1 landfill (all Cells) is approximately 79% filled at September 30, 2021. The County will recognize the remaining costs that have not been accrued (closure costs of \$2,385,160 and postclosure costs of \$1,768,222) as the remaining estimated capacity is filled.

NOTE N – CLOSURE AND POSTCLOSURE CARE COSTS (CONTINUED)

The C&D landfill is approximately 100% filled at September 30, 2021. Postclosure maintenance and monitoring functions will be required for five years after closure. Remaining estimated closure and postclosure costs for the C&D landfill are \$168,379 and \$99,994, respectively.

All cost estimates are in current dollars. Actual costs may be higher or lower due to inflation, changes in technology or processes, or changes in regulations.

Following is a table showing the remaining costs and amount accrued for the combined Northwest facility:

	Estimated Remaining Closure	Percent	Closure Accrued Liability at	Estimated Remaining Postclosure	Percent	Postclosure Accrued Liability at	Total Accrued Liability at
Landfill	Costs	Accrued	9/30/21	Costs	Accrued	9/30/21	9/30/21
NW Cells 1, 2 & 3	\$ 6,343,409	62.39%	\$ 3,957,799	\$ 8,309,160	78.72%	\$ 6,540,937	\$ 10,498,736
NW C & D	168,379	100.00%	168,379	99,994	100.00%	99,994	268,373
	\$ 6,511,788		\$ 4,126,178	\$ 8,409,154		\$ 6,640,931	\$ 10,767,109

Amortization expense for 2021 was an increase of \$771,001 for the Class 1 landfill and an increase of \$3,396 for the C&D landfill. This expense increased significantly for the Class 1 landfill due to a 6% increase in capacity used.

The Division is required by state and federal laws and regulations to make contributions to a trust to finance closure and postclosure care. The Division believes it is in compliance with these requirements, and at September 30, 2021, cash and investments of \$9,649,608 are held for these purposes. These are reported as restricted assets on the Statement of Net Position. The Division expects that future inflation costs will be paid from the interest earnings on these contributions.

NOTE O – DEFERRED OUTFLOWS OF RESOURCES AND DEFERRED INFLOWS OF RESOURCES

The deferred outflows of resources and deferred inflows of resources in the Statement of Net Position and Statement of Governmental Funds Balance Sheet are aggregated. Following are details of the aggregated amounts.

	Governmental Activities			siness-Type Activities	
Statement of Net Position					
Deferred Outflows of Resources:					
Pensions	\$	31,249,237	\$	1,583,563	
Other Post Employment Benefits		4,227,186		585,039	
Deferred charge on debt refunding		484,186		-

Other 1 ost Employment Benefits	\$	98,128,330	\$	8,067,136	
	Ψ_	30,120,330	Ψ	0,007,130	
Statement of Governmental Funds Balance Sheet Deferred Inflows of Resources:					
Taxes, applicable to a future period	\$	1,922,494			
Ambulance fees, applicable to a future period		8,180,912			
Other items, applicable to a future period		146,819			
Total Governmental Funds	\$	10,250,225			

NOTE P - SEGMENT INFORMATION

The County has four enterprise funds and has elected to separately report each as a major fund in the Basic Financial Statements. For this reason, segment information is not provided in the notes.

NOTE Q - CONTINGENCIES

1. GENERAL LITIGATION

As part of the ordinary course of operations, the County is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Currently, the County is at varying stages in certain actions against it. Although the outcome of these actions is not presently determinable, in the opinion of the County Attorney, the resolution of these matters will not have a material adverse effect on the financial condition of the County.

NOTE Q – CONTINGENCIES (CONTINUED)

2. GRANTS AND CONTRACTS

The County participates in various federal and state assisted grant programs that are subject to review and audit by the grantor agencies. Entitlement to these resources is generally conditional upon compliance with the terms and conditions of grant agreements and applicable federal and state regulations, including the expenditure of resources for allowable purposes. Failure to comply may result in questions concerning the allowability of related direct and indirect charges pursuant to such agreements. Any disallowance resulting from a federal or state audit may become a liability of the County.

It is believed that the ultimate disallowance pertaining to these regulations, if any, will be immaterial to the overall financial condition of the County.

3. DISASTER ASSISTANCE

Disaster funding received from the FEMA Public Assistance Program (CFDA 97.036) is based on Project Worksheets (PW's) that outline the eligible expenses and the scope of the project. The County encountered damages related to both Hurricane Hermine in August of 2016 and Hurricane Irma in September of 2017 in which it was declared eligible for funding under this program. The Florida Division of Emergency Management (FDEM) entered into a Federally Funded Agreement for disaster assistance related to Hurricane Hermine in January 2017 and Hurricane Irma in December 2018. In addition, during fiscal year 2020 the County recieved Federally Funded Agreement for disaster assistance under the FEMA Public Assistance Program related to COVID-19. Currently these events are in varying stages of validation, obligation, and close-out.

The Federal Government approved the Coronavirus Aid Relief and Economic Security (CARES) Act to aid with the response and recovery from the COVID-19 pandemic. Subsequently, the County received multiple agreements under various programs funded under this Act. During fiscal year 2021, the County received funds from the Coronavirus Local Fiscal Recovery Fund awarded by the American Rescue Plan Act (ARPA) to further support their response to and recovery from the COVID-19 public health emergency.

NOTE R – RESTATED BEGINNING NET POSITION

Effective October 1,2020, Hernando County adopted GASB Statement No. 84, *Fiduciary Activities*. Implementation of the statement establishes criteria for identifying fiduciary activities and enhances the value provided by the information reported for assessing the government's accountability and stewardship. The financial statements of custodial funds held by the County have been restated to comply with the liability recognition criteria of the Statement as follows:

	Net Position Beginning of Year	Cumulative Effect of Restatement	Net Position Beginning of Year, Restated
Fiduciary Net Position	\$ -	\$ 995,937	\$ 995,937

HERNANDO COUNTY, FLORIDA NOTES TO REQUIRED SUPPLEMENTARY INFORMATION September 30, 2021

NOTE 1 – SCHEDULES OF NET PENSION LIABILITY AND SCHEDULES OF CONTRIBUTIONS

Changes in Benefit Terms from the year ended June 30, 2020 to June 30, 2021:

- FRS—No significant changes.
- HIS—No significant changes.

Changes in Assumptions from the year ended June 30, 2020 to June 30, 2021:

- FRS: No significant changes.
- HIS: Both the discount rate and Municipal Bond Index rate changed from 2.21% to 2.16%.

This page intentionally left blank.

Combining and Individual Fund Statements and Schedules

Nonmajor Governmental Funds

Special Revenue Funds

Stormwater Management

To account for the proceeds of ad valorem taxes and other revenues for funding Stormwater Management.

State Housing Initiative Partnership

To account for the grant proceeds and associated expenditures of a low-income housing assistance program.

Court-Related Funds

To account for the proceeds of revenues received for the purpose of funding court-related technology, court improvements, court innovations, juvenile alternative programs, law library, legal aid, youth court and treatment of alcohol and other drug abuse.

Municipal Service Benefit Units Special Revenue Fund

To account for the proceeds of assessments levied for the purpose of funding road improvements, street lighting, fire hydrant maintenance, and other services within the various Municipal Service Benefit Units of the County.

Miscellaneous Special Revenue Funds

To account for the revenues from specific taxes or other earmarked revenue sources which by law are designated to finance particular functions or activities of government and which, therefore, cannot be diverted to other uses. Included in this fund are the following: Hernando/Citrus Metropolitan Planning Organization, Florida Boating Improvement Program, Health Department, State and Local Mosquito Control, Law Enforcement Trust Fund, Crime Prevention, Hernando County Sheriff Revenue Fund, Federal Forfeiture-Justice Fund, Federal Forfeiture-Treasury Fund, Tourist Development Tax, Affordable Housing, Kass Circle Neighborhood Community Redevelopment Agency, Landscape Enhancement, Dori Slosberg Driver Education Safety and Library Estate Fund.

Clerk of Court & Comptroller Special Revenue Funds

To account for the funds received in the Clerk of Circuit Court's Records Modernization Fund and Fines and Forfeitures Fund.

Property Appraiser Special Revenue Funds

To account for the funds received in the Property Appraiser's Graphic Information Systems Fund, Addressing Fund, Addressing Fees Fund, GIS Business Units Fund and the County Fees and Commissions Fund.

Sheriff Special Revenue Funds

To account for the funds received in the Federal Forfeitures, E911 Fund, Inmate Welfare, Inmate Revenue, 800MHz Fund, Sheriff's Law Enforcement Education Fund, Child Saver Program Fund, Grants and Contributions Fund.

Debt Service Funds

Non-Ad Valorem Refunding Revenue Bonds 2010

To account for the debt service requirements of the Non-Ad Valorem Refunding Revenue Bonds, Series 2010.

Non-Ad Valorem Refunding Revenue Note 2012

To account for the debt service requirements of the Non-Ad Valorem Refunding Revenue Note, Series 2012.

Capital Project Funds

Restore Act

To account for the capital outlay expenditures under the Restore Act. The Restore Act, passed by Congress in 2012, allocates penalties and fines resulting from the Deepwater Horizon oil spill to Gulf Coast States and local governments.

STATISTICAL TABLES

This section contains the following:

The statistical data is information gathered by the Clerk of Circuit Court and relates to the physical, economic, social and political characteristics of the County. It is intended to provide financial report users with a broader and more complete understanding of the County and its financial affairs than is possible from the Financial Statements and supporting schedules included in the Financial Section.

Many of these tables cover multiple fiscal years and present data from outside the accounting records. Therefore, the Statistical Section data has not been subjected to independent audit.

This page intentionally left blank.

STATISTICAL SECTION

This part of Hernando County's annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government's overall financial health.

Contents

Financial Trends

These schedules contain trend information to help the reader understand how the government's financial performance and well-being have changed over time.

Revenue Capacity

These schedules contain information to help the reader assess the government's most significant local revenue source, the property tax.

Debt Capacity

These schedules present information to help the reader assess the affordability of the government's current levels of outstanding debt and the government's ability to issue additional debt in the future

Demographic and Economic Information

These schedules offer demographic and economic indicators to help the reader understand the environment within which the government's financial activities take place.

Operating Information

These schedules contain service and infrastructure data to help the reader understand how the information in the government's financial report relates to the services the government provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

(a) Florida law requires that 'Just Value' of all property be determined each year. The Florida Supreme Court has declared Just Value to be legally synonymous to Full Cash Value and Fair Market Value. The Just Value or Fair Market Value is the amount it could sell for in a competitive open market, assuming that the buyer and seller both acted knowledgeably and without duress.

- (b) Assessed value is different than just/market value for those properties that have assessment limitations on them. Examples of assessment limitations include Save our Homes (SOH) limitation for homestead properties, "greenbelt" for properties which have an agricultural use classification, and pollution control devices.
- (c) There are a number of property tax exemptions which include, but are not limited to; homestead, widow/widowers, blind, disabled, veterans, government and institutional.
- (d) Taxable value is the resulting value after all applicable exemptions have been deducted from the assessed value of the property. The taxable value is what the millage rates are applied to develop the ad valorem property tax.
- (e) Total Direct Tax Rate is the weighted average of the direct rates in each area. See Schedule 7, "Direct and Overlapping Property Tax Rates" for more information.
- (f) Real Property means land, buildings, fixtures, and all other improvements to land.

- (a) Direct rates support the ad valorem revenue base for County Government operations.
- (b) Section 200.071, Florida Statutes, a county may not levy in excess of 10 mills, except for voted levies and for services or facilities provided through a municipal services taxing unit (MSTU).
- (c) Total Direct Tax Rate is the weighted average of the direct rates in each area.
- (d) Overlapping rates are those rates levied by other local governments who overlap Hernando County's geographic area. Not all rates apply to all Hernando County residents; for example, each incorporated municipality within the County also taxes its respective residents.
- (e) On June 11, 2009, a Special Act of the Legislature was passed changing the Spring Hill Fire And Rescue's status to independent of the County and subsequently was dissolved becoming dependent on the County on October 1, 2011.
- (f) Data represents the millages used to approve the budget, and calculate taxes to support the following year, but are based on the tax roll which began on January 1 for reflected year.

- (a) Certified taxes levied is the original tax assessment due to Hernando County before any adjustments are determined by Property Appraiser and/or the Value Adjustment Board, and before any tax amounts are determined to be uncollectible due to insolvencies and/or litigation. Adjusted Taxes Levied reflects changes made throughout the fiscal year. The tax levy represents only the taxes due to the Hernando County financial reporting entity and therefore, excludes taxes due to the School Board, the City of Brooksville, Southwest Florida Water Management District and certain other governmental entities. This corresponds to the Direct Tax Rates section of Schedules 6 and 7.
- (b) In accordance with Florida Statutes, property taxes become due and payable on November 1 of each year and are delinquent on April 1 of the following year. A four percent discount is allowed if the taxes are paid in November, with the discount declining by one percent each month thereafter. Taxes collected will not equal 100% of the tax levy due to insolvencies, litigation and county certificates. In the table above, taxes collected November 1, 2020 through March 31, 2021 are reflected as levied for the Fiscal Year Ended September 30, 2021. Tax Certificates for unpaid taxes and assessments for that year will be sold no later than June 1, 2022.
- (c) Includes all delinquent tax collections received during the year regardless of the year in which the taxes were originally levied.
- (d) Includes non-ad valorem taxes, which are not a part of the tax notice. Non-ad valorem taxes are separately reported as Special Assessments in the Governmental Funds and are part of Charges for Services in the Proprietary Funds.

- (a) Pursuant to bond definitions, gross revenues include operating revenue and interest income, but do not include sewer connection fees, water connection fees or special assessment proceeds.
- (b) Pursuant to bond definitions, expenses do not include amortizations or depreciation. Similarly, charges associated with replacement of vehicles in lieu of depreciation have not been included.
- (c) Effective with the issuance of the Water and Sewer Refunding Revenue Bonds Series 2003, connection fees are included in the definition of pledged funds.
- (d) Includes Taxable Water and Sewer Refunding Revenue Bonds, Series 2021A, Water and Sewer Refunding Revenue Bonds, Series 2021B, and the Water and Sewer portion of the Non-Ad Valorem Refunding Revenue Bonds, Series 2010.
- (e) For FY 2021, the principal amount is the amount paid for the refunding of Water and Sewer Refunding Revenue Bonds, Series 2013A.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Board of County Commissioners Hernando County, Florida

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Hernando County, Florida (the "County") as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements and have issued our report thereon dated March 24, 2022.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of the County's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We have issued a management letter to the Board of County Commissioners, Hernando County, Florida, dated March 24, 2022, presenting certain required disclosures and comments pursuant to the Chapter 10.550, *Rules of the Auditor General*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL OVER COMPLIANCE AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE REQUIRED BY THE UNIFORM GUDIANCE AND CHAPTER 10.550, RULES OF THE AUDITOR GENERAL

Honorable Board of County Commissioners Hernando County, Florida

Report on Compliance for Each Major Federal Program and State Project

We have audited the compliance of Hernando County, Florida (the "County") with the types of compliance requirements described in the U.S. Office of Management and Budget ("OMB") Compliance Supplement and the requirements described in the Department of Financial Services State Projects Compliance Supplement that could have a direct and material effect on each of its major federal programs and major state projects for the year ended September 30, 2021. The County's major federal programs and state projects are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs and state projects.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.550, *Rules of the Auditor General*. Those standards, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or major state project identified in the accompanying Schedule of Findings and Questioned Costs occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and major state projects for the year ended September 30, 2021.

Report on Internal Control over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the compliance requirements referred to above. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program or major state project in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards and State Financial Assistance

We have audited the basic financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County as of and for the year ended September 30, 2021, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 24, 2022, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis, as required by the Uniform Guidance, Chapter 69I-5, Schedule of Expenditures of State Financial Assistance, Rules of the Department of Financial Services, and Chapter 10.550, Rules of the Auditor General, and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements taken as a whole.

HERNANDO COUNTY, FLORIDA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED SEPTERMBER 30, 2021

Note 1 - General

The accounting policies and presentation of the accompanying schedule of expenditures of federal awards and state financial assistance of Hernando County, Florida (the County) have been designed to conform with generally accepted accounting principles applicable to governmental units, including the reporting and compliance requirements of the Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) (federal awards), and Chapter 10.550, Rules of the Auditor General of the State of Florida.

The County reporting entity is defined in Note A to the County's basic financial statements for the year ended September 30, 2021. All federal awards and state financial assistance received directly from federal or state agencies, as well as federal awards and state financial assistance passed through other governmental agencies, are included in the schedule.

Note 2 - Basis of Accounting

The accompanying schedule of expenditures of federal awards and state financial assistance is presented using the same basis of accounting as the fund in which the grant is recorded, generally the accrual or modified accrual basis, as described in Note A to the County's financial statements.

Note 3 - Loans Outstanding

The County has the following loan balances outstanding at September 30, 2021:

CSFA		Loan	
Program	Number	Outstanding	
State Housing Initiatives Partnership (SHIP)	40.901	\$ 13,820,302	

Only current year loans issued to eligible recipients are included as expenditures on the accompanying schedule. The County has recorded the gross amount of the loan offset entirely by an allowance for uncollectible receivables.

Note 4 - Contingencies

Grant funds received and disbursed by the County are for specific purposes and are subject to review by the grantor agencies. Such audits may result in requests for reimbursement due to the disallowance of expenditures. Based upon prior experience, the County does not believe that such disallowances, if any, would have a material effect on the financial position of the County.

Note 5 - Expenditures & Program Income

The amounts shown as current year expenditures on the accompanying schedule represent only the grant portion of the program/project costs. The total expenditures of the program/project may be more than shown. The only exception to this is the funding received under Assistance Listing 93.498- Provider Relief Fund and 97.036- FEMA Public Assistance Program (See Note 7 for additional details). In accordance with the OMB Compliance Supplement, fiscal year 2019-20 expenditures totaling \$176,332 were included on the fiscal year 2020-21 schedule.

Negative expenditures reported on the Schedules of Expenditures of Federal Awards and State Financial Assistance may be the result of a correction from entries included in a prior fiscal year. While current expenditures for a grant may be negative, the aggregate of all expenditures during the entire period of performance will be positive.

Program income generated by and expended on a Federal or State award during the period of performance is included on this schedule if the program income is added to the award amount or if specifically directed by the awarding agency and/or required by program guidance. Program income that reduces the total allowable expenditures (deduction method) is not included.

HERNANDO COUNTY, FLORIDA NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE FOR THE FISCAL YEAR ENDED SEPTERMBER 30, 2021

The amounts shown as current year expenditures on the accompanying schedule represent only the grant portion of the program/project costs. The total expenditures of the program/project may be more than shown. Program income generated by and expended on a Federal or State award during the period of performance is included on this schedule if the program income is added to the award amount or if specifically directed by the awarding agency and/or required by program guidance. Program income that reduces the total allowable expenditures (deduction method) is not included.

Note 6 - Indirect Costs

Hernando County Board of County Commissioners elected to use the 10% de minimis cost rate in fiscal year 2021 as covered in 2 CFR 200.414.

Note 7 - Disaster Public Assistance

Disaster funding received from the FEMA Public Assistance Program (Assistance Listing 97.036) is based on Project Worksheets (PWs) that outline the eligible expenses and the scope of the project. Expenditures recorded on this schedule are contingent on when a funding agreement is executed, funds are obligated and approved, and the County has incurred eligible expenditures. PWs are categorized as either "small" or "large" based on the total expenses. "Small" PWs are reported based on the amount obligated, while "large" PWs are determined by actual eligible expenditures. Approximately \$621 of eligible expenditures incurred in prior years were reported on the schedule this year. See Note A of the ACFR for additional details regarding the accounting of funds received under this program.

Note 8- Subrecipients

The County sub-awarded funds totaling \$212,224 under Assistance Listing 21.019 Coronavirus Relief Fund grant #Y2277 during fiscal year 2020-21.

INDEPENDENT AUDITOR'S MANAGEMENT LETTER

Honorable Board of County Commissioners Hernando County, Florida

Report on the Financial Statements

We have audited the financial statements of Hernando County, Florida (the "County") as of and for the year ended September 30, 2021, and have issued our report thereon dated March 24, 2022.

Auditor's Responsibility

We conducted our audit in accordance with auditing standards generally accepted in United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations*, Part 200, *Uniform Administrative Requirements*, *Cost Principles*, *and Audit Requirements for Federal Awards* ("Uniform Guidance"); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*, Independent Auditor's Report on Compliance for Each Major Federal Program and State Project and Report on Internal Control over Compliance and on Schedule of Expenditures of Federal Awards and State Financial Assistance in Accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*; Schedule of Findings and Questioned Costs; and Independent Accountant's Report on an examination conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated March 24, 2022, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. In connection with the preceding audit, there were no findings or recommendations.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The legal authority is disclosed in the notes to the financial statements.

Financial Condition and Management

Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require that we apply appropriate procedures and report the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific conditions met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.

Pursuant to Sections 10.554(1)(i)5.b. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based, in part, on representations made by management and the review of financial information provided by same.

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Special District Component Units

Section 10.554(1)(i)5.c., Rules of the Auditor General, requires that we determine whether or not a special district that is a component unit of a county, municipality, or special district, provided the financial information necessary for proper reporting of the component unit, within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we determined that all special district component units provided the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

As required by Section 218.39(3)(c), Florida Statues, and Section 10.554(1)(i)6, *Rules of the Auditor General*, the County has identified the Kass Circle Community, the Hernando County Law Library, Hernando County Port Authority and the Hernando County Water and Sewer District as dependent special districts included within the reporting entity. These special district's do not have employees, independent contractors, construction projects or budget variances.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not have any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, federal and other granting agencies, and applicable management, and is not intended to be, and should not be, used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Board of County Commissioners Hernando County, Florida

We have examined Hernando County, Florida's (the "County") compliance with the requirements of Sections 218.415, 365.172(10), and 365.172(2)(d), Florida Statutes, during the year ended September 30, 2021. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the County's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

INDEPENDENT ACCOUNTANT'S REPORT

Honorable Board of County Commissioners Hernando County, Florida

We have examined Hernando County, Florida's (the "County") compliance with the requirements of Title 33 U.S. Code s. 1321(t), during the year ended September 30, 2021. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether the County complied with those requirements, in all material respects. An examination involves performing procedures to obtain evidence about the County's compliance with those requirements. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of noncompliance, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion. Our examination does not provide a legal determination on the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2021.

Total Connection Fees	2,112,573		2,269,339		2,302,629	2,200,165	3,365,416
Pledged Funds (5)	18,710,411		17,731,888		20,804,096	20,329,054	24,606,082
Actual Senior Lien Debt Service	\$ 3,991,177	\$	3,983,233	\$	3,982,002	\$ 2,577,705	\$ 1,830,428
Actual Coverage on Net Revenues (6)	4.16		3.88		4.65	7.03	11.60
Required Coverage	1.10		1.10		1.10	1.10	1.35
Actual Coverage on Pledged Funds (6)	4.69		4.45		5.22	7.89	13.44
Required Coverage	1.20		1.20		1.20	1.20	1.20

⁽¹⁾ Pursuant to the Resolution, does not include Sewer Connection Fees, Water Connection Fees or Special Assessment Proceeds.

⁽²⁾ Pursuant to the Resolution, does not include amortization or depreciation.

⁽³⁾ For purposes of this table, charges associated with replacement of vehicles in lieu of depreciation have been eliminated. This is consistent with definition of Operating Expenses in the Resolution, which excludes depreciation, amortization and other similar charges.

⁽⁴⁾ Net revenues are defined in the Resolution as Gross Revenues less Operating Expenses.

⁽⁵⁾ Pledged Funds are defined in the Resolution as Net Revenues plus Connection Fees, together with certain other funds and accounts which are not accounted for in this table.

⁽⁶⁾ Upon issuance of the Series 2021A and 2021B Bonds, required coverage on Net Revenues increased from 1.10 to 1.35 times. For purposes of these calculations, it has been assumed that the Fund Balance equaled \$0.

TOP TEN UTILITY CUSTOMERS (BASED ON SALES REVENUE)

The following table shows the ten largest customers of Hernando County for fiscal year ending September 30, 2021:

Customer	Class	Meter Size	Type of Service	System Revenue	% of Total County Sales Revenue
Oak Hill Hospital	Commercial	6"	Water & Sewer	34,921,800	0.8%
Hernando County Jail	Commercial	6"	Water & Sewer	15,746,100	0.4%
Hernando Correctional Institution	Commercial	6"	Water & Sewer	14,414,000	0.3%
Bridgewater Club Apartments	Commercial	6"	Water	13,251,100	0.3%
Oak Hill Hospital Cooling Tower	Commercial	2"	Water & Sewer	9,442,900	0.2%
Atria Evergreen Woods	Commercial	4"	Water & Sewer	5,713,700	0.1%
Spring Hill Hospital Cooling Tower	Commercial	2"	Water & Sewer	4,498,700	0.1%
Brooksville Regional Hospital	Commercial	6"	Water & Sewer	4,488,000	0.1%
Evergreen Woods	Commercial	4"	Water & Sewer	4,506,200	0.1%
Hernando County School Board	Commercial	6"	Water	6,084,500	0.1%
Total				\$ 113,067,000	

NON-AD VALOREM REFUNDING REVENUE BONDS, SERIES 2010

The following table represents the County's determination of non-ad valorem revenues for the last six years (excludes non-ad valorem revenues of the County which are not legally available to pay debt service on the Series 2010 Bonds). Certain of such revenue may heretofore or hereinafter be specifically pledged to secure other indebtedness by the County. Any such debt would be payable from such specific revenue sources prior to payment of debt service on the Series 2010 Bonds. Such table is not intended to represent revenues of the County which would necessarily be available to pay debt service on the Series 2010 Bonds; however, they are an indication of the relative amounts of non-ad valorem revenues of the County which may be available for the payment of principal and interest on the Series 2010 Bonds taking into account general government expenditures. Certain categories may cease to exist altogether and new sources may come about from time to time.

⁽¹⁾ Includes non-ad valorem revenues in General Fund only.

⁽²⁾ This revenue source is pledged as the source of security for payment for the Series 2010 Bonds, Non-Ad Valorem Refunding Revenue Note, Series 2012, and the Non-Revolving Lines of Credit.
(3) Increases/decreases predominantly due to changes in grant funding provided by other governmental agencies.

OTHER OBLIGATIONS PAYABLE FROM NON-AD VALOREM REVENUES

The County has other debt issues outstanding which are secured by and payable from specific non-ad valorem revenues (excluding gas taxes and net revenues of the water and sewer enterprise fund, neither of which are legally available to pay debt service on the Series 2010 Bonds). Such indebtedness is summarized below.

Description	Source of Security	<u> </u>	Amount utstanding (1)	Final Maturity	Maximum Annual Debt Service			
Non-Revolving Line of Credit	Covenant to Budget and Appropriate Legally Available Non-Ad Valorem Revenues	\$	18,474,620	5/01/2031	\$	3,230,991		
Non-Ad Valorem Refunding Revenue Bonds, Series 2010	Covenant to Budget and Appropriate Legally Available Non-Ad Valorem Revenues	\$	1,235,000	2/01/2024	\$	1,290,806		
Non-Ad Valorem Refunding Revenue Note, Series 2012	Covenant to Budget and Appropriate Legally Available Non-Ad Valorem Revenues	\$	9,920,000	2/01/2028	\$	3,159,419		
		\$	29,629,620		\$	7,681,216		

⁽¹⁾ The amount outstanding on each bond issue is calculated as of September 30, 2021.
