DEPARTMENT OF STATE
TALLAHASSEE, FLORIDA
FILED

WHEREAS, due to the continued downturn in the local economy and specifically the local construction and homebuilding industries, the Board desires to boost economic development and new construction by extending, by one year, its prior reduction of certain impact fees.

NOW THEREFORE:

BE IT ORDAINED BY THE BOARD OF COUNTY COMMISSIONERS OF HERNANDO COUNTY, FLORIDA:

SECTION 1. Amending Chapter 23 (Planning), Article III (Impact Fees), Division 1 (Fire Protection and Emergency Medical Services Capital Facilities Impact Fee), Section 23-46 (Computation of the amount of fire protection and emergency medical services impact fee). Chapter 23 (Planning), Article III (Impact Fees), Division 1 (Fire Protection and Emergency Medical Services Capital Facilities Impact Fee), Section 23-46 (Computation of the amount of fire protection and emergency medical services impact fee) is hereby amended to read as follows, with underlined matter added and struck-through matter deleted:

Sec. 23-46. Computation of the amount of fire protection and emergency medical services impact fee.

(a) Except as provided in subsection (b) of this section, the amount of the fee or fees shall be determined by the following fee schedule. The reference in the schedule to square feet refers to the gross square footage of each floor of a building measured to the exterior walls, and not usable, interior, rentable, noncommon or other forms of net square footage.

1 /The new impact fee rates shall apply to all building permits and certificates of use issued after the stated effective date; building permit and certificate of use applications which are in process but not yet issued shall be subject to the impact fee rates in effect at the time the building permit or certificate of use is actually issued by the county.

2 /These impact fee rates shall apply to Spring Hill Fire until such time the county and Spring Hill Fire enter into an interlocal agreement to provide for the amendment or repeal of this division as pertaining to Spring Hill Fire and which interlocal agreement otherwise complies

1 with the provisions contained in Chapter 2009-261, Laws of Florida, and section 191,009,
2 Florida Statutes, as such section may be amended or renumbered from time to time.
3

- 4 (1) If a building permit or certificate of use is requested for mixed uses, then the fee
5 shall be determined according to the above schedule by apportioning the space
6 committed to uses specified on the schedule.
7
- 8 (2) If the type of development activity a building permit or certificate of use is applied
9 for is not specified on the above fee schedule, the county administrator or his
10 designee shall use the fee applicable to the most nearly comparable type of land
11 use on the above fee schedule.
12
- 13 (3) In the case of change of use, redevelopment, or modification or expansion of an
14 existing use which may or may not require the issuance of a building permit, the
15 impact fee shall be based upon the net increase in impact for the new use as
16 compared to the previous use.
17

18 (b) If a fee payer opts not to have the impact fee or fees determined according to
19 paragraph (a) of this section, then the fee payer shall prepare and submit to the an independent
20 fee calculation study for the land development activity for which a building permit is sought. The
21 independent fee calculation study shall follow the prescribed calculation methodologies and
22 formats established by the. Any adjustment to the fees in the schedule contained in paragraph (a)
23 may only be based upon impact or use characteristics that are expected to exist throughout the

42 1 /The new impact fee rates shall apply to all building permits issued after the stated effective
43 date: building permits applications which are in process but not yet issued shall be subject to the
44 impact fee rates in effect at the time the building permit is actually issued by the county.
45

- 1 (1) If a residential building permit is requested for mixed uses, then the fee shall be
2 determined through using the above schedule by apportioning the space
3 committed to uses specified on the schedule.
4
- 5 (2) If the type of development activity that a residential building permit is applied for
6 is not specified on the above fee schedule, the county administrator or his
7 designee shall use the fee applicable to the most nearly comparable type of land
8 use on the above fee schedules. The county administrator or his designee shall be
9 guided in the selection of a comparable type by the county comprehensive plan,
10 supporting documents of the county comprehensive plan, and the county zoning
11 ordinance. If the county administrator or his designee determines that there is no
12 comparable type of land use on the above fee schedule, then the county
13 administrator or his designee shall determine the appropriately discounted fee by
14 considering demographic or other documentation which is available from state,
15 local and regional authorities.
16
- 17 (3) In the case of change of use, redevelopment, or expansion or modification of an
18 existing use which requires the issuance of a building permit, the impact fee shall
19 be based upon the net positive increase in the impact fee for the new use as
20 compared to the previous use. The county administrator or his designee shall be
21 guided in this determination by the sources and agencies listed above.
22

23 (b) If a feepayer opts not to have the impact fee determined according to paragraph (a)
24 of this section, then the feepayer shall prepare and submit to the county administrator or his
25 designee an independent fee calculation study for the land development activity for which a
26 building permit is sought. The independent fee calculation study shall follow the prescribed
27 methodologies and formats for the study established by the Guidelines and Procedures Manual
28 adopted by motion of the board of county commissioners of the county. The documentation
29 submitted shall show the basis upon which the independent fee calculation was made. The county
30 administrator or his designee shall consider the documentation submitted by the feepayer, but is
31 not required to accept such documentation as he/she shall reasonably deem to be inaccurate or
32 not reliable and may, in the alternative, require the feepayer to submit additional or different
33 documentation for consideration. If an acceptable independent fee calculation study is not
34 presented, the feepayer shall pay parks impact fees based upon the schedule shown in paragraph
35 (a) of this section. If an acceptable independent fee calculation study is presented, the county
36 administrator or his designee may adjust the fee to that appropriate to the particular development.
37 Any such adjustment to the fees in the schedule contained in subsection (a) may only be based
38 upon impact or use characteristics that are expected to exist throughout the expected life of the
39 structure and may not be based upon temporary or transitory use characteristics.

Section 23-138 is hereby amended to read as follows, with underlined matter added and struck-through matter deleted:

Sec. 23-138. Computation of the amount of roads impact fees.

(a) At the option of the feepayer, the amount of the fee may be determined by the schedule set forth below. The reference in the schedule to square feet refers to the gross square footage of each floor of a building measured to the exterior walls and not usable, interior, rentable, non-common or other forms of net square footage.

SCHEDULE OF ROADS IMPACT FEES

Land Use Type	Fee	Effective 1	Effective 1
		12/01/09	11/30/ 10 <u>11</u>

Restaurant, per 1,000 square feet*	12,705.00	6,462.00	12,705.00

*Denotes square feet of gross building area

1 /The new impact fee rates shall apply to all building permits and certificates of use issued after the stated effective date; building permit and certificate of use applications which are in process but not yet issued shall be subject to the impact fee rates in effect at the time the building permit or certificate of use is actually issued by the county.

- 1 (1) If a building permit or certificate of use is requested for a building with mixed
2 uses, then the fee shall be determined according to the above schedule by
3 apportioning the space committed to uses specified on the schedule.
4
- 5 (2) For applications for an extension of a building permit, the amount of the fee is the
6 difference between the fee then applicable and any amount already paid pursuant
7 to this division.
8
- 9 (3) If the type of development activity for which a building permit or certificate of use
10 is applied is not specified on the above fee schedule, the county administrator or
11 his designee shall use the fee applicable to the most nearly comparable type of
12 land use on the above fee schedule. The county administrator or his designee shall
13 be guided in the selection of a comparable type by the reports titled Trip
14 Generation: An Informational Report, Institute of Transportation Engineers (latest
15 edition) and studies or reports done by the United States Department of
16 Transportation, the State of Florida Department of Transportation, the Hernando
17 County Public Works Department, and articles or reports appearing in the ITE
18 Journal. If the county administrator or his designee determines that there is no
19 comparable type of land use on the above fee schedule, then the county
20 administrator or his designee shall determine the fee by (a) using traffic generation
21 statistics from the above-named sources, and (b) applying the formula set forth in
22 paragraph (b) of this section.
23
- 24 (4) In the case of change of use, redevelopment, or modification of an existing use
25 which may or may not require the issuance of a building permit, the roads impact
26 fee shall be based upon the net increase in the impact fee for the new use as
27 compared to the previous use. However, should the change of use, redevelopment
28 or modification result in a net decrease, no refunds or credits for past impact fees
29 paid shall be made or created. The county administrator or his designee shall be
30 guided in this determination by the above-named sources.
31

32 (b) If a feepayer shall opt not to have the impact fee determined according to
33 paragraph (a) of this section, then the feepayer shall prepare and submit to the county
34 administrator or his designee an independent fee calculation study for the land development
35 activity for which a building permit or change of use is sought. The independent fee calculation
36 study shall measure the impact of the development in question on the road system by following
37 the prescribed methodologies and formats for the study established by the county administrative
38 code. Any adjustment to the fees in the schedule contained in subsection (a) may only be based
39 upon impact or use characteristics that are expected to exist throughout the expected life of the
40 structure and may not be based upon temporary or transitory use characteristics. The traffic
41 engineering and/or economic documentation submitted, which will require a pre-application
42 meeting with the county administrator or his designee, shall show the basis upon which the
43 independent fee calculation was made, including, but not limited to, the following:
44

- 1 (1) Traffic engineering studies:
2
3 a. Documentation of trip generation rates appropriate for the proposed land
4 development activity;
5
6 b. Documentation of trip length appropriate for the proposed land
7 development activity; and
8
9 c. Documentation of trip data appropriate for the proposed land development
10 activity.
11
12 (2) Cost documentation studies. Documentation of the cost per lane per mile for
13 roadway construction and right-of-way costs appropriate for the proposed land
14 development activity, including, but not limited to, the costs of mitigating
15 environmental impacts; the construction of access roads, where required by the
16 county, bridges, interchanges, intersections, and drainage facilities; and the costs
17 of design, engineering and planning.
18

19 This documentation shall be prepared and presented by qualified professionals in
20 their respective fields and shall follow best professional practices and
21 methodologies. The following formula shall be used by the county administrator
22 or his designee to determine the roads impact fee per unit of development:
23

- 24 1. $\text{New Lane Miles} = [(\text{Generation rate} \times \text{average trip length} \times \% \text{ new}$
25 $\text{trips}) / \text{lane service volume at level of service } d] / 2$
26
27 2. $\text{Cost} = \text{New lane miles} \times \text{cost per lane mile}$
28
29 3. $\text{Net Cost} = \text{Cost} - \text{gas tax credit}$
30
31 4. $\text{Impact Fee} = \text{Net cost}$

42 **SECTION 7. Full Force and Effect of Remainder.** All sections, subsections, clauses,
43 sentences, phrases, and provisions of Chapter 23, Article III, Division 1, of the Hernando County

1 Code of Ordinances not amended herein shall stay the same and remain in full force and effect
2 until amended, repealed or otherwise acted upon by the Board of County Commissioners.
3

4 **SECTION 8. Inclusion in the Code.** It is the intention of the Board of County Commissioners
5 of Hernando County, Florida, and it is hereby provided, that the provisions of this Ordinance
6 shall become and be made a part of the Code of Ordinances of Hernando County, Florida. To
7 this end, any section or subsection of this Ordinance may be renumbered or relettered to
8 accomplish such intention, and the word "ordinance" may be changed to "section, "article," or
9 other appropriate designation.

10
11 **SECTION 9. Effective date.** This ordinance shall be filed with the office of the Florida
12 Secretary of State and shall take effect immediately upon filing.
